AIR MAIL

Ottawa, December 30, 1947.

Dear Miss Allard:

I sent you a telegram yesterday reading  
as follows:

"HAVE VACANCY FOR YOU AT WEST BAY INDIAN  
DAY SCHOOL, MANITOULIN ISLAND, ONTARIO -stop-  
THIS IS A TWO ROOM SCHOOL AND THE OTHER TEACHER WILL  
BE MISS BRUYERE -stop- I CAN OFFER YOUR BROTHER SCHOOL  
AT SEINE RIVER NEAR NINE CENTRE, FORT FRANCES, ONTARIO -  
stop- AIR MAIL LETTER FOLLOWS WITH MORE DETAIL".

The school at West Bay which we are offering  
summer into a two-room school, which was converted last  
resigned at Christmas. The teacherage is attached to the  
school and is 200 yards from a post office and store. The  
post office address is Excelsior, Ontario and the nearest  
railway station is Little Current, Ontario, on the C. P. R.  
We would, of course, notify our Indian Agent, Mr. C. R.  
Johnston, and arrange for you to be met at the station.

The school which we are offering your brother  
is 9 miles from the post office at Crilly, Ontario. It is  
3 miles from the railway station at Crilly, Ontario. It is  
50 miles from Fort Frances, Ontario. It is a frame, one-  
room school, heated with a furnace and there is a teacher's  
residence on the back and part of the building. There are  
approximately 22 children in attendance, mostly in the lower  
grades.

While these two schools are some distance  
apart, I felt that we should make you a definite offer now,

Dear Father Lavigne:

I wrote at some length to the Allards and in our Indian day schools. I wanted Miss Allard to go to the West Bay Indian Day School on Manitoulin Island and they have rejected these offers as they did not wish to be so far separated.

I realize that you are doing everything possible to obtain a teacher for this school and will continue to be on the lookout for a suitable person who could handle this job.

Sincerely yours,

Bernard J. Neary,

Dear Sir,

Could you give me information  
as to the possibilities of my getting  
an opening in your department  
as a teacher.

I have completed <sup>Kn. XII</sup> and a  
year of permit teaching. I am  
nineteen years old, and of Pon-  
cetabie faith. I would be willing  
to go any place that there is an  
opening.

Please advise as soon as  
possible, including wages etc.

Dear Miss Richards:

I have for answer your letter of July 26th with regard to a vacancy in one of our Indian Day Schools.

I note that you had one year of Permit Teaching, are nineteen years of age and a Roman Catholic.

It is unfortunate that you do not hold a Teaching Certificate, as you would be entitled to an attractive salary on our new schedule. As it now stands, you would be entitled to a starting salary of \$1080. an academic year. The only vacancy for a Roman Catholic teacher at which I am at present aware, in the part of Canada in which you live is that at the Seine River Indian Day School. Unfortunately, this is a rather isolated Reserve and one on which we have always had a young man as teacher and one on

letter to Mr. Lockhart, our Indian Superintendent at Fort Frances, Ontario and I would ask that you write him for further details. However, I am sending a copy of this

There is also a possibility that we may be able to offer you a school in the Port Arthur Agency. If you are interested in either of these schools, I would be glad to hear from you further. In the meantime, please find attached an application form for completion by you.

Miss J.C. Richards,

We have had an application from Miss J. C. Richards, of Swan Lake, Man., for an Indian day school in Pic School and also at the Seine River School in the Fort Frances Agency. To date we have not heard from you with regard to the vacancy at Pic and if you have no applicants available, I would suggest that you write directly to Miss Richards at Swan Lake, Manitoba, giving her details of the school, its position, facilities, etc. It would be appreciated if a copy of this letter could be sent here so that we can keep in touch with the filling of this position.

Miss Richards has a Manitoba teaching Permit, has had one year of teaching experience, and is 19 years of age. She has already been advised that she would be entitled to a starting salary of \$1,080.00 an academic year.

Dear Sir:

I have for answer your letter of August 1 Day Schools on Manitoulin Island. Unfortunately, most of these positions have now been filled by qualified teachers. It is but I am forwarding you one of our application forms so that you can have your qualifications on file. However, I note that you have lived in rural areas most of your life and are apparently accustomed to caring for yourself. We do have one school in the Fort Frances Indian Agency in which you therefore might be interested. This is the Seine River School which is a one-room building with an attached teacher's residence. It is not the type of school to which we could send a woman teacher and are interested in getting a male teacher for the position. I will be glad to hear from you if you are interested in further details of this school.

Dear Mr. Bellavance:

Hay River Indian Day School.

I am pleased to note that you will accept the position of teacher at the Hay River Indian Day School.

Would you please report for duty there on or before January 3, 1949. You may find it impractical to begin school until you are thoroughly settled at Hay River. I will leave this matter to your discretion. We have sent supplies in and these should have reached you by the time you arrive at the school.

The Department is prepared to pay your travelling expenses to this school. You will have to fly in by Canadian Pacific Air Lines from Edmonton. I would suggest that you write to them and book a reservation. I understand that there are two flights a week to Hay River. Please let me know if you have any other baggage which you wish to take in. I believe that I could make arrangements for this to be sent by truck from Edmonton along the new Grimshaw Highway.

The furniture has been ordered for the school and should have arrived by now. You will need blankets but we provide the kitchen utensils necessary. If there is any other information you require, please let me know as soon as possible.

Mr. M. Bellavance,  
Crilly, Ontario.

Dear Miss St. Pierre:

, December 3, 1948.

We have been able to obtain the services of a qualified teacher at the Cornwall Island East Indian Day School. However, there are two other vacancies which we require to have filled after the Christmas vacation.

One of these is at the Pic Indian Day School which is three and one half miles from Heron Bay, Ontario on the C.P.R. Transcontinental Railway. This is a one-room school and there are some twenty children enrolled.

The second vacancy is at the Seine River Indian Day School near Grilly, Ontario. Unfortunately, this is a rather isolated school and we would prefer sending a male teacher to teach. In any event, I would be glad to hear from you if you are interested in either of these two positions.

I regret that we could not classify you as a Grade 2 teacher unless you produced evidence of holding a Teaching Certificate. Your starting salary as a Grade 1 teacher without any certificate and any experience would be \$102. a teaching month with free house, fuel and light.

Seine River Indian Day School.

Immediately upon receipt of your telegram, I had a long discussion with Mrs. Kibby she has decided to accept a teaching position near the city of Ottawa.

I appreciate your promptness in replying to my wire concerning this teacher and we will continue to do everything possible to locate another teacher for you. If you have anyone in mind locally, would you please let me know at once so that we can arrange to advertise this position.

I note that the school is four miles from the railway station and six miles from the nearest store and that you would prefer to hire a man. Unfortunately, male teachers are very scarce but the only solution seems to be advertising. I presume, from the photographs on file here, that the teachers' quarters consist only of a bedroom and a kitchen. You might confirm this fact as teachers usually make enquiries about their accommodation.

Seine River Indian Day School

I have been in touch with three teachers with regard to the vacancy which will be created when Mr. Bellavance goes to Hay River. I know that you would prefer to have a male teacher at this school, and unfortunately, each of the applicants mentioned above are females.

Two of them are unqualified, and the one who is qualified is prepared to live in an isolated district. However, as she is a married woman and has a family, I have hesitated to recommend to her the acceptance of this school. I understand that she would probably bring one of her sons, age 12, with her. However, the photographs which we have on file concerning this school are certainly not particularly attractive to a woman teacher. I think Mrs. Kibbee would accept the position, but I hesitate to recommend that she do so.

I would appreciate your comments as to the advisability of having a lady teacher at this school.

Re: Seine River Indian Day School  
File No. 456-1 (E)

When Mr. Bellavance commenced teaching at the above named school we pointed out to him the various articles which intend staying longer than Christmas he did not request any additional furnishings.

There is very little furnishings in this school other than a bedstead, spring, badly worn mattress, stove, and folding wardrobe.

If we should be supplied with a lady teacher a request will be going forward for a couch, table, and possibly linoleum to make the living quarters more attractive.

As you stated in your letter of December 18th this school is not particularly attractive to a woman teacher, also the last three male teachers at this school only stayed a short time; but as Mrs. Kibbee would have the company of her 12-year old son I think it might be the answer in keeping a full time teacher.

We will, no doubt, be advised if she has accepted a school at an early date.

Re: Seine River Indian Day School  
Ref. your 124-8 of December 30

By now you will have received my letter of December 28 in which I advised that Mrs. Kibby would be unable to accept this school.

It would seem advisable, however, to provide more adequate furniture for this teacherage. Could you please submit a requisition based on the standard list previously sent to you in order to make the living quarters more attractive. You would naturally have to vary the size of the linoleum rugs to suit the rooms concerned. In the meantime, we will endeavour to obtain a male teacher for this school. It is our intention to insert the following advertisement in the Fort Frances Times and in the Ensign (the Catholic weekly). The advertisement reads as follows:-

"WANTED - Young male teacher for comparatively isolated Indian Day School near Fort Frances, Ontario; small pupillage with attached teacherage provided free; salary schedule in effect. For details and application forms write Superintendent of Indian Agency, Fort Frances, Ontario, or Superintendent of Education, Indian Affairs Branch, 220 Queen Street, Ottawa."

You might wish to recommend that we advertise in the Winnipeg papers.

Bernard F. Heary,  
Superintendent of Education.

Re: File 456-1 (E)

With reference to your letter of the 29th. ultimo your contention is quite correct that living accommodation consists of one bedroom and kitchen attached to the school at Seine River. This school is built on blocks and it is not any too warm to heat.

There are no teachers interested in this school locally and I have discussed this question with Father De Varennes, Principal at the Fort Frances Residential School who is going to Winnipeg shortly and is going to see if any are available at that point.

Should I learn of a teacher at this point will notify you immediately.

Re: File 456-1 (E)

Replying to your letter of the 8th instant, regarding furniture for the teacherage at the Seine River Indian Day School, I wish to advise that there are two rooms, each size 10' x 12', attached to the school.

One of these rooms is used as a bedroom and the other a kitchen. At present there is a bed, spring, mattress, chiffoneer, card table, and portable wardrobe in the bedroom. In the kitchen there is a wood range, table, 4 kitchen chairs, and a kitchen cabinet. You will readily see that there is very little space left for any additional furniture, especially when there are 3 doors opening into the kitchen. There is a connecting door from the kitchen to the bedroom, a connecting door from the kitchen to the classroom, and a connecting door from the kitchen to the outside.

About all the additional improvements we could recommend would be to cover the two floors with linoleum and paint the interior.

To make the teacherage more habitable it would require the addition of a third room to the present quarters.

With reference to the advertisement being placed in the Fort Frances paper and the Catholic Weekly I think it advisable to make a similar insertion in the Winnipeg Free Press and the Winnipeg Tribune.

  
J. F. Lockhart,  
Supt., Indian Agency.

Attached is a copy of an application form signed by Mr. Ernest Bourgault. He has been recommended to us as teacher for the Seine River Indian Day School in the Fort Frances Agency. You will note that he has no Provincial qualifications as a teacher. However, Seine River is an isolated place and it is difficult to secure anyone to operate the school.

I would appreciate it if you would arrange to have someone interview Mr. Bourgault. You will note that he lives at St. Boniface. You will possibly give him a telephone call and have him come in to the office to see you. Following the interview you can write to us and return the enclosed application form.

In the event of your recommending his employment, you should make certain that he can speak good English.

I have for acknowledgment your letter of March 3 and am pleased to note your interest in teaching in an Indian School.

Please find attached one of our application forms which I would ask to have you complete and return here for consideration. When able to provide your application form, I will also be able to provide you with information as to the salary which we can offer and other facts concerning the Seine River Indian Day School in the Port Frances Agency.

Sincerely yours,

Bernard F. Neary,  
Supt. of Indian Education.

Mr. E. Bourgault was in the office today, and has advised me that he is no longer interested in teaching in one of our Indian schools, as he has secured another position. Personally, I think it just as well, as I was not very impressed with him.

Mr. Bourgault also requested that his letter of reference be returned to him. He forwarded it to Ottawa with his application, and while his application was forwarded to this office, his reference was not. Could this letter be forwarded direct to Mr. Bourgault, 680 rue Langevin, St. Boniface, Man.

The advertisement has brought many enquiries and on Saturday morning I had an interview with a male teacher with fifteen years of experience. He is willing to take the job and the children to teach during the summer holidays to permit not believe we can hold him at their lost time. I do long but I have a young student at Seine River for very interested in the school for the Normal School

I will write you later concerning the male teacher as soon as he advises me when he can be released from his work in town.

Dear Miss Kirby:

, March 22, 1949.

Seine River Indian Day School.  
I have for answer your application for the position of teacher at the Seine River Indian Day School.

As the advertisement indicated we were anxious to obtain the services of a male teacher for this school and recently succeeded in doing so.

However, I have just today had a long distance telephone call from Mr. Indian Superintendent Bonnah at Cornwall, Ontario. The teacher at the Cornwall Island East University has just obtained a Scholarship to attend a Medical accessible from Cornwall. This is a one-room school and is quite for the months of April, May and June as we have another teacher who will likely take the school over in September. With a Second Class Teaching Certificate and three years' of experience you would be entitled to a starting salary of \$162. a teaching month plus free house, fuel and light. If your work is satisfactory at Cornwall Island East then I am quite sure that we can place you elsewhere in a Catholic day school in Ontario next September.

Would you please write immediately if you are interested in this position as I have already written to other teachers about it.

Dear Sir:-

Enclosed you will find my application, which I received from Mr. Lockwood, of Fort Francis, he advised me to write directly to you.

You will see by my application, that I have had no experience as a teacher, but I do think that I could teach the grades which you advertised for. You will also see that it took me four years to get my eleven, that was due to a broken knee cap, which has left my left leg stiff, my leg is in good condition, and that is why I said my health was fair. Truly I have never had a really sick day in my life.

At a very recent meeting of the Association where I am Secretary, I was empowered to extend an invitation to you, through our kindly Agency Superintendent, to honor our Reservation with your presence at the re-opening of our rebuilt school. We are grateful to the Government that made it possible for the new school to be built in 1947. - we regretted very much when it was almost totally destroyed by fire and now, we are very pleased that the reconstruction is almost complete and the re-opening is almost

MEMORANDUM

P.M.  
REGISTERED  
- Deputy Minister -

19988

St. Clair Indian Day School

As you are aware, the St. Clair Indian Day School at Sarnia, Ontario, was destroyed by fire just over a year ago. Due to representations to the Department of National Defence, arrangements were completed to release to us one building from the Ipperwash Army Camp to be used at Sarnia to replace this school.

We had previously ascertained that this building would fit almost exactly on the foundations of the former school. A contract was let for having this army building moved and the work in setting it up on the foundations is nearly completed. The furnace has been installed, and the building has been painted. We have been advised that it is a creditable little two-room school.

Please find attached a letter from the Progressive Association of the Chippewa Indians extending an invitation to our Minister to officiate at the opening of this new school. I have also attached a letter received from Mr. Indian Superintendent McCracken concerning this Progressive Association and their efforts to cooperate with the Indian Affairs Branch.

I would like to suggest that the Minister be approached concerning his willingness to officially open this new school. While a tentative date of May 30th has been set, we are quite prepared to make any adjustment necessary to suit the Minister's convenience.

- 2 -

As you are probably aware, we are doing everything possible to have official openings of all our new schools. We feel that it does not only serve to impress on the Indians the desire of the Department to bring to their children the best in educational facilities but it also helps in improving public relations with their local White neighbours. Members of Parliament have assisted in opening several schools in the West, and you, no doubt, know that the Honourable Mr. Pearson officially opened our new two-room Indian Day School on the West Bay Reserve on Manitoulin Island, a few days ago.

Encl.

Mr. MacKay:

I discussed the above with the Minister. He regrets that he cannot undertake engagements of this kind during the election campaign, as there are too many other engagements which keep him busy. He suggests that perhaps Mayor W.C. Nelson of Sarnia might be invited to take part in the ceremony.

May 18, 1949.

OFFICE OF THE RECTOR

TO WHOM IT MAY CONCERN:

July 12, 1949

This is to certify that I have known Leonide Alfred Hogue, 359 Langside St., Winnipeg, for the past four years and I have regarded him as a man of integrity and fine ideals.

His association with the Knights of Columbus and church work bespeaks a confidence and trust placed in him.

I know that he has been connected with choir work at St. Mary's Cathedral and that he is proficient in singing and also in piano or organ.

Any position that would involve a knowledge of music could be competently fulfilled by Mr. Hogue.

I remain,

Yours truly,

*Joseph P. Monaghan S.J.*

Dear Sir:

I wish to recommend Mr. L. A. Hogue, 359 Langside Street, Winnipeg, Manitoba, for a position as teacher in an Indian School near Fort William.

He is a gentleman who has worked, during the sessions of the Manitoba Legislature, as a clerk.

With a permit, for which he is qualified, he could be of great help in an Indian School due to his knowledge of business, of music and especially to his sterling and kindly character.

Very sincerely yours,

Saint Boniface, Man., July 25th,

Dear Mr. Neary :

I am sending you letters of prospective teachers who have answered our advertisement made in the "Ensign".  
I am sending their letters, but we have kept copies of them.

We will present you few of them for the day interested in our province, but we thought you would be have written to them that you might yourself proposed them a school directly.

We now propose :

- 1<sup>o</sup> For La Seine River day school:  
Mr. L. A. HDGUE, if Mr. Desmarais has given his resignation for the same school.
- 2<sup>o</sup> Mrs. A. C. Buddens, for Waterken Reserve day school, Skownan P.O., Man., if you have decided to reopen the same school.
- 3<sup>o</sup> We have been told that Mr. P. Fenez has given his resignation as teacher of White Fish Bay School, White Fish Bay, Ontario.  
If so, we propose Mr. Allan J. Callaghan for that school.

Hoping that we will have more success than in the past with our candidate teachers,

I remain,

Yours truly,

Saint Boniface, Manitoba.

Dear Father Lavigne:

I have for answer your letter of July 25, and I am pleased with the results of your advertising for teachers in the Ensign. You will probably note that I am advertising also - particularly for our requirements in Saskatchewan and Alberta. Therefore, I have written to the Saskatchewan teachers who answered your advertisement in an attempt to interest them in positions in that province and possibly in Alberta.

Seine River School

Mr. Desmarais has been transferred to the Caughnawaga School. It is too bad for the Seine River Indians as he was a very good teacher. However, he is just the type we need at Caughnawaga, and he is not lost to us.

You are probably aware of the isolated situation of the school at Seine River, and I hope Mr. Hogue also knows of conditions there. I am enclosing some photographs given me by Mr. Desmarais which you could show him so that he will be fully aware of conditions. If he accepts, we will try to have the school painted at once. (Would you please return the photographs after showing them to him.)

I attach one of our application forms which he should complete and return here at once. I presume he has no teaching certificate nor experience. His salary would, therefore, be only as a Grade I teacher at the rate of \$108.00 a teaching month.

Waterhen Indian Day School

Mrs. A.C. Buddrus is already teaching for us at Moricetown, B.C. I will write to her concerning this transfer.

Whitefish Bay Indian Day School

Mr. P. Fenez has decided to stay another year here as we are building a new two-room school. I believe the school will be finished about November when we will need a second teacher. I am writing also to Mr. A.J. Callaghan to interest him in either the second room at Whitefish Bay or in the new school at Northwest Bay (Fort Frances Agency) which we should be opening soon.

I will be expecting to hear from you in the near future concerning Mr. Hogue.

Sincerely yours,

This teacher seems determined to transfer to a school in Saskatchewan. I note from Inspector Davey's last report that her services seem to be unsatisfactory. Before transferring her to the Prairie Provinces, we would naturally appreciate your comments as to whether this action is warranted on our part.

FROM INDIAN SUPT. LOCKHART'S QUARTERLY REPORT  
ORIGINAL ON FILE 124/23-4

A new teacher was engaged for the Seine River Day School and he commenced his teaching duties on September 15th. As many of the Indian families of this Reserve are still away working only 50% of the pupils are attending at present. This will improve this month as summer work guiding will be at an end.

Reverend Father:

The Department will accept Sigvard Petersen as teacher of the Seine River Indian Day School, effective 1 January, 1947. It is noted that this teacher has had one year at the Ontario Agricultural College in Guelph but has had no teaching experience in Canada. However, due to the shortage of teachers we are prepared to accept his services at the rate of \$118.00 a teaching month on a temporary basis until June 30, 1947. At this time we can review the teacher situation to ascertain if a more suitable teacher is available. During these months we will also have a more adequate opportunity to assess Mr. Petersen's teaching ability.

A Petition  
To the Indian Dept Ottawa.

We the undersigned parents and people interested in School No 1 Onoda want to know if the Dept can and will assist us in retaining our teacher Miss Beatty who has had charge of our school for over eleven years to our utmost satisfaction in every respect.

Our School is constantly improving and we know it is the best on either of the Reserves here.

We believe parties jealous of our school and teacher have been undermining her to the Missionary Society who has discharged her to please them.

We have written to the Society but they have given us no satisfaction. So now we appeal to you for we know it means ruin to our school if she has to leave us.

Dear Sir

We thought from your letter last summer that our teacher was to remain with us but she states she has to leave.

Now what we want is that the Person or Persons who is causing us so much trouble to come out and say what they have to say to us and not try to injure our teacher and school.

If the parties who are doing this can prove anything worthy of causing our teacher to be discharged all rights if not we must have her remain with us and will do all we can to keep her. For it is rather hard after she has worked so faithful among us for over eleven years to see her turned out this way. She is the best teacher we ever had not only in school but she is kind to every person visits the sick and always helped well in church and Sunday school when we had one but <sup>the missionary</sup> Mr. Vollick closed it and we are very sorry for this. We have talked to the people of this section and they are very much annoyed to hear you have turned Miss Beatty out and feel they must do something.

We want to know right away if this meets with your approval. If not a petition will be sent to the Dept.

It is now almost three weeks since we wrote you and not having received a reply thought you come to the conclusion to allow Miss Beatty to remain as the teacher of our school and we have told her to open on Jan. 7th as usual at Miss Beatty's request. The petition has not been forwarded to the Dept yet.

If you do not see your way clear to write in our favor the school will be closed on any other who may come until we hear from the Ottawa.

To the Indian Dept.

Ottawa,

Gentlemen, - Will you kindly pardon the liberty I take to inform you concerning School No 1 (Middletown) of which I was teacher for over eleven years. The Agent, Inspector and missionaries were well pleased with the progress the pupils were making.

A petty jealousy assumed to take hold of Mr Shepherd of this Institute who tried various plans to get me discharged. Once telling authorities at the Mission House that I was influencing the pupils to go to the "Mohawk" instead of his Institution which was without foundation. Only three went from 1891 to the Mohawk and over fifty to his. Of which I informed the M. Society. But he thought they would listen to him without letting me know. He wanted in this undertaking. Harmony prevailed; until the Rev Mr Vollick was sent as a missionary. Then Mr Shepherd prompted Mrs Vollick. (who had just attended a common school twelve or more years before) to

to apply for a school on the reserve, since  
 being in view for I was asked to give it up,  
 but I would not. Then No 3 was given her.

After this in league with Shepherd, her hus-  
 band sent many undermining reports to  
 Dr Sutherland, who (I suppose thinking min-  
 isters would not be guilty of duplicity)  
 discharged me. I begged for an investigation  
 but he would not grant it, or listen to the ear-  
 nest appeals of the Indians in my behalf.  
 Then they signed a petition appealing to  
 the Dept to allow me to remain; but I asked  
 the Agent to not send it, as I would leave  
 quietly, and see how the school would prosper  
 under their management. And am sorry  
 to state, what was but years ago one of the best  
 Indian schools in Ont, is now in a very bad con-  
 dition, as I am continually receiving reports from that  
 locality. I do hope you will use your judgment  
 in behalf of those who are depending on  
 you for justice. Should you wish me  
 to return at any time I would do so  
 under your jurisdiction.

I remain

I have been informed that our diploma was sent from the Columbian Exposition to the Dept. thence to the Agent to put in the school. I expected it to be sent to the Inspector and given to me as I furnished all the material and gave the pupils prizes for doing the work well, and who now are all away from school. And it will not be appreciated by any one so much as myself as the one we received from the Colonial Exhibition. England is hanging up and seldom is ever looked at. Now I do hope you will allow me to have it, and wherever I am teaching I can have it in the school.

It was with difficulty the work was gotten up. The Inspector wrote Mr. Vollick to notify the teachers giving plenty of time. But ~~Mr. Vollick~~ did not tell me until three days before it should be sent. The snow drifts then being so deep school was closed. I waited to some of the pupils homes and got some of them to come to my rooms, where the most of the work was done.

Hoping to hear from you soon as convenient I remain etc M A B.

Madam

I have to acknowledge the receipt of your letter of the 26th ultimo; and in reply I beg to say that you should address your application to the General Secretary of the Methodist Missionary Society, as the Department would have to consult that Society before making an appointment to this school which is carried on under its auspices. The Department is aware of the excellent work done by you when in charge of this school.

With regard to the diploma awarded to the Oneida No. 1 Indian school by the Commissioners of the World's Fair, I beg to say that as this diploma was awarded to the school, the Department does not see that it would be justified in taking it away and giving it to you, although it was through your exertions that this prize was obtained.

I have to inform you that Mr Public School Inspector Dearness, in his report on the Oneida No:1 School states that this school, under the present teacher, Louis Scammado, is the least satisfactory, although a few years ago it was the largest and most prosperous school on the Reserve. He also states that the schoolhouse is now the poorest on the Reserve, that the roof leaks and the house needs repainting and that there were several panes of glass broken. The Department would like you to give a detailed report as to the necessary repairs and to see that the broken panes of glass are replaced.

The General Secretary of the Methodist Missionary Society will be written to as to the unsatisfactory condition of the school under the present teacher.

Referring to previous correspondence relative to the Oneida No: I School, I have to inform you that Mr Public School Inspector Dearness, who visited the school on the 8th instant, states in his report that, ~~this school~~ <sup>it</sup> under the present teacher Louis Scammado, is the least satisfactory, although a few years ago it was the largest and most prosperous on the Reserve. The teacher holds no certificate and is reported as not being up to the standard.

This is to certify that Miss L. Gray has been a teacher-in-training at this Model School since Sept. 1st. As a student I find her earnest, intelligent and conscientious. She has clear ideas of the principles of teaching and is quick in making application of them. In her teaching she has made very rapid progress especially in her manner before the class. She teaches her lessons with skill and vigor and her management is easy and natural.

She is a young lady of good social qualities and I have no hesitation in recommending her to any Board requiring the services of a thoroughly competent and faithful teacher.

She passed in regular course through every class to the end of Form III. Her second Class Certificate was earned by careful study and I have great pleasure in saying that Miss L. She leaves this school now to prepare herself more particularly for public school teaching and I have no hesitation whatever in predicting that she will be a faithful and very successful teacher because I know that every item of her work will be done with great thoroughness and quick intelligence.

Sir, -

I beg to acknowledge the receipt of Departmental dated June 2nd, No. 152191, referring to the report of Mr Agent McDougall concerning the Oneida, No. 1 school, recommending that a properly qualified teacher be procured to take charge as soon as possible; also stating that the Department has received an application from Miss M.A. Beatty, who was formerly in charge of this school. In reply I beg to say that Miss Emerson, the teacher employed after Miss Beatty's removal, resigned somewhat suddenly on account of ill health, and we <sup>were</sup> ~~are~~ informed by the Rev Mr Vollick that an Indian had been appointed to keep the school going for a few days until a proper teacher could be secured. We found it unusually difficult to get the kind of teacher we wanted, and consequently the school remained in charge of the Indian much longer than we intended. An appointment has been within a few days past, the particulars of which I will forward.

Concerning Miss Beatty, I would say that we found her, on the whole, an efficient teacher, but she proved to be such a disturbing element in the Mission in other respects that after long forbearance we were compelled to discontinue her services.

 Diploma hangs there & strange  
 teachers do not appreciate  
 it and the children see no  
 attraction in it. As I stated  
 before a picture of our Queen  
 would have a far greater  
 impression on their minds.

Besides the pupils who  
 did the work are all gone  
 long ago. Four are dead, only  
 one remains on the reserve.

Learning the work which  
 took this prize was owing  
 to the pupils' willingness

Dear Sir :

With reference to the letter of the 16th instant from Miss Mary A. Beatty, in which she asks you to use your influence to obtain for her a diploma that was awarded by the Commissioners of the World's Fair to the Indian School No. 2 on the Oneida Reserve for work done by the pupils of that school, I beg to say that the Department has informed Miss Beatty more than once that it cannot consent to the diploma being given to her, as it properly belongs to the school.

In the first place, the work was done by the pupils, and the diploma in recognition of their work ought to remain in the school building.

If the children did the work during school hours, Miss Beatty can have no personal claim on any reward which ought to be regarded as an incentive to encourage the children while at school. On the other hand, if the work was done either out of the school or out of

school

Dear Sir,

With reference to the letter of the 16th instant from Miss Mary A. I beg to say that the Department has informed Miss Beatty in reply to numerous letters that it will be impossible to consent to the diploma being given to her, as it properly belongs to the school, having been awarded to the school not to Miss Beatty personally. It is also thought wise in the interest of the children that the diploma which was given in recognition of their work ought to remain in the school building.

you could not tell me to whom  
I might appeal regarding the  
diploma.

I wrote W.S. Calvert M.P. and find  
that my statements were falsified in  
a reply to him from the Dept.

If you had other informants  
as to when and where the work  
was done, that I sent to the Exposition  
will you in justice to me kindly ask them  
to prove their statements? And

197406

I will do the same by the pupils  
who did the work, and who are  
now responsible young men and  
women.

The children attending No 1 school  
now had nothing to do with the  
work I sent, and have not the slight-  
est interest in the diploma.

Had the fifty dollars we received  
in prize money at the London Fair been  
sent to the Dept you would have been  
more justified in keeping it, as the  
work was done in the school, and for  
the benefit of the school.

I would not have asked for the  
diploma had I not consciously felt that  
it was mine, and if it was of any benefit  
to the school I would not on any circumstances  
have it taken out.

Yours Sincerely,

Sir,-

I was informed some time ago that Miss Gray, the teacher of the No. 1. school on the Oneida Reserve, intended to resign at New Year. I have just received a communication from her asking, on the ground of impaired health, to be relieved early in November. In conversation recently with the Missionary in charge, the Rev C.W. Vollick, he strongly recommended Levi Williams, a well educated Indian, to succeed Miss Gray in charge of the school. Mr Williams has sent in an application, a copy of which I enclose herewith, and if it meets with the approval of the Department, I think it would be well to give him a trial.

In reply I beg to say that, although Mr. Williams is so well recommended, as he holds only a high school entrance certificate, the Department would prefer obtaining the services of a teacher holding a certificate of a higher grade, at least a third class. Miss Gray, the <sup>present</sup> teacher, holds a second class certificate ; and it was believed that the falling off in school previously to her taking charge was owing to the inefficiency of her predecessor.

Dear Sir,  
 I solicit your kindness and authority  
 in securing for me a diploma and medal,  
 awarded at the Columbian Exposition, for  
 work done by some of my pupils, of school  
 No. 1, Onida. (Indian reserve, where I taught

 and unkindness of the present missionary  
 Mr. Sollick whose wife is teaching in school  
 I had to leave. The Miss Soc. knowing  
 the state of affairs sent a stranger to take  
 my place.)

I procured several dollars worth of material  
 paints, brushes &c, taught the children at intervals  
 often in my own room, out side of school house  
 and when the time came, sent the work to  
 Inspector Darness, to forward on to Chicago.  
 The Miss Soc, and Dept know nothing  
 of this until some two years after when the

to the Dept. who forwarded it to the Agent Sir MacDougall to frame and hang in the schoolroom. He told me the medal was in the Indian office at Muelbourn where I suppose it still remains. I have not seen it. I called at the school saw the diploma with name on it. I wrote the Dept who stated they would like it to remain in the school to encourage the children who did the work so it had remained. The pencils are all gone long ago. I expected Dr Sutherland would send one back when Mr Vollick's repairs would be over but the school is closed and the building to be sold.

My only hope of getting the diploma and medal is through your kindness. I have tried to explain so please ever fully understand as you were not in the Dept at the time.

No one values these as I do and I would like so much to have them for my school here. They would perhaps encourage the people to keep their children at school when they saw the results of other children's work. Besides I would like to feel they were in safe keeping and where

They would be appreciated. Let me give you an account  
 we received a beautiful diploma for work sent to  
 the Colonial Exhibition in England some years ago  
 which was framed and hung in the new Council  
 Chamber for safe keeping. Before coming to  
 the coast, I visited the reserve, and on going  
 into the Council house, found the frame and glass  
 broken, and the diploma tacked upon the wall  
 of an Indian house. So I feared you could scarcely  
 tell what it was. Now can you blame me for  
 being so in earnest about getting this last one  
 And if you will be kind enough to do what you  
 can. I will gladly pay you for any trouble  
 let one has any voice in the matter. But I wish  
 is very officious, and if he knew you were going to call  
 them in. I might interfere with the agents getting them. But  
 writing the agent without any information but to send them to the  
 Dept. You could forward them on to me. The frame belongs to  
 the Dept. The diploma could be put in a tin or in a box,  
 trusting you will do me the very great favor.

Yours Sincerely

The Secretary,

Memo. re application of Miss Mary A. Beatty for  
Columbian  
the diploma and medal awarded by the ~~Saskian~~  
Exposition to the Oneida No. 1 Indian school for  
excellence of school work.

In the above connection the under-  
signed begs to say that the diploma and medal were  
received through the Department of Agriculture in  
December '96 and sent to Agent McDougall with in-  
structions to have the diploma neatly framed and hung  
in the school-room and the medal to be shown to  
pupils and then kept in his charge.

Miss Beatty first applied for these  
articles in June '97, after she had left the school  
when she was informed that as the diploma has been  
awarded to the school, the Department did not see that  
it would be justified in taking it away and giving it  
to her, although it was through her exertions that the  
prizes had been obtained.

Since then Miss Beatty has renewed her  
application on two or three occasions, - the last time  
through Mr Calvert, M.P. in March '98, when a reply  
to the above effect was sent him.

I do not think that the diploma and medal  
should be taken away from the school and given to

MAY 15 1901

Sir — Please allow me to briefly explain concerning a diploma and medal awarded by the "Columbian Exposition" to School No. 1, Onaida (where I taught for nearly two or three years). It was sent two years after by the Commissioners of the Exposition to the Dept. to be forwarded to the school.

By this time all the pupils who did the work had left school, and there was a stranger teacher in charge, who I know did not appreciate a diploma with my name printed on it, so I wrote the Dept. who stated they would like it left there, for the benefit of the children who did the work. So it remained.

When I heard that the school was closed and the building sold. I wrote J. A. Sharp, Deputy Superintendent, who still maintains that it is the property of the school, and wishes it to remain there. and had me write for

again.

I fully explained him that the school house was sold and an Indian family now living in it.

I feel that after the hours and hours of extra teaching and interest I took in that school; that the diploma is virtually mine, besides it would be a very great stimulus to me in this field. Where it has found a home I know not; but with your approval I could get the Agent, or Inspector, to send it, if it is still in existence.

Hoping you will kindly listen to my appeal, and grant my request.

Yours very sincerely

Sir:-

I would wish to bring to your attention, the present situation, with regards Indian Day School facilities on the Oneida reserve of this Agency and would wish your consideration of the possibility of having another day school erected on this Reserve.

When I recently inspected the Agency Schools, I found that at Oneida No 3, School there were 51 children on the roll there and eligible for school attendance and that the School only has seats and accommodation for 40. I was further informed that at different times there have not been sufficient seats for all the pupils and they have had to secure chairs and benches for them.

When inspecting Oneida No 3, School I found that there were 31 pupils attending there or about all the class room will hold and there are still some families that will be on the Reserve during the Winter who are not here at present and thus increase the attendance.

These two schools are not situated so that they will look after the residents from all sections of the Reserve and in my opinion another school is badly needed on this reserve and should be situated towards the Southwold village end of the Reserve, to accommodate the pupils in that vicinity who have miles to go to any school and therefore do not get an education.

Recently when interviewing applicants from the Southwold end of Oneida reserve, for admission to the Mount Elgin Institute I found many children that aged from 10 to 15 yrs, had got no farther than the primer and could hardly speak a word of the English language.

In view of the fact that the present schools, more so the Oneida No 3, have more pupils than a teacher can properly handle and get results, for the Indian children starting to School in most cases cannot speak English and it is too much to expect a teacher to give them much attention with such a large number they are not progressing the way they should in their education and it would be much better than a teacher have no more than 30 and give them much more time than the way it is at present.

According to the census taken recently the population of the Oneida Reserve is in the vicinity of 900 and they have two schools only, whereas the combined population of the Chipewya and Munciey reserves is in the vicinity of 650 and they have four day schools.

It is hard for an Agent to enforce attendance at any school if the children cannot be accommodated when they get there or when it is miles for the children to go and the same thing applies to a teacher who has a very irregular attendance, getting results from pupils that only attend once in a while from poor school facilities.

I would request that the next official of the department who visits this reserve be requested to look into this matter and report his findings to the department.

With reference to that portion of your letter of the 5th instant relative to the erection of a day school building to provide educational facilities for the Oneida Indian children, I have to say it is hoped that funds will be included in our Estimates for the coming fiscal year to erect a suitable building. This matter was discussed with Mr. Inspector McGeekin, who considered that a third school was required and recommended same. It will not be necessary for an officer of this Department to visit the reserve at the present time. You will be advised when funds to erect the new building are available.

I would further inform you that last spring I had the truant officer of the Oneida schools submit to me a list of children of school age on the Oneida Reserve and there were 126 and there are only 2 schools on this reserve with a seating capacity of 72 and you can readily see that if all the children were forced to attend school they would be unable to be accommodated with seats and the teachers would not be in a position to give satisfactory service when having 60 or more pupils to teach, and I made a report to the Department some time ago when I recommended another school for this reserve, also with a seating capacity of 35 pupils, and which would give the agent a chance to force all children to attend school when they could be accommodated, which it is not possible to do at present.

An additional school would also relieve the present teachers of too large an attendance as they are unable to give much time to them all, and the pupils are not progressing as they should as I consider a teacher cannot handle any more than from 25 to 30 Indian pupils and show results.

R

Sir,

Re; New School, Oneida Indian Reserve.

I would again wish to bring to your attention the very unsatisfactory school situation on the Oneida Reserve of this Agency and request your consideration to the early erection of another Day School on that reserve. When I recently sent my estimates to the Department for the fiscal year 1933-34 (also for the past three years) I included an item of \$4000.00 for such a building and this school is at present much more needed than ever before.

When recently compiling a list of those living on the Oneida reserve, it was found counting all persons that there are 1067 inhabitants and over 130 children of school age, besides more than 80 pupils that are at present in Mount Elgin School and there are only two day schools with seats for 73 pupils to take care of this number of pupils, with the result that a large number of children are on the Reserve that are or have not been going to any school.

To-day I made an inspection of these schools and found 38 pupils in Oneida No. 2 and 33 pupils in Oneida No. 3. and the teacher of Oneida No 3, has had as high as 46 in one day and this means that 10 pupils have to double up in a single seat, this school has 51 on the roll. Oneida No 2, has had as high as 44 in one day, meaning that 7 pupils have to double up in single seats and new pupils are daily being added to the roll, with no proper seating facilities, and this does not give the teachers a chance and about 30 to 35 pupils is enough for each school, if the children are to receive the proper attention. Kindly make every endeavor possible to secure the early erection of another school at least on this Reserve and which reserve should have four schools to properly accommodate all school children.

Sir:

I have your letter of the 15th instant, regarding school facilities for the Indian children on the Oneida Reserve, and recommending the erection of another day school building.

In reply I have to say that we will have no funds this present year to erect a building, and it is very doubtful if the amount required can be provided for the coming year. The requirements at this Reserve will be noted, and when our Estimates are being prepared for the next fiscal year, consideration will be given as to whether funds for the purpose can be provided or not.

Regarding the seating accommodation at the No. 2 and No. 3 Schools, I shall be pleased if you will state if there is accommodation for a further number of desks in each of these schools. If so, you should state the size and number of each size of extra desks which you would recommend be supplied for each school. Any new desks should be of the same type as those at present in the school. It is also desirable to note, stamped on the metal parts of the desks at each of these schools would help to overcome any difficulty in providing seating accommodation, and I would be favourably disposed to placing an order for extra desks when we have full information as to the requirements. You should also state the address to which the desks should be shipped.

Sir,

I have to inform you that Mr Public School Inspector Dearness in his report on the Oneida No. 1 school states that a dozen panes of glass were broken, the plaster was off the ceiling and that the closets needed attention. The Department would like you to see that such repairs as are necessary are made to this school before frost sets in.

Sir,

I have to acknowledge the receipt of your letter of the 31st ulto, stating that the Chiefs of the Oneida Council are desirous of selling the No. 1 schoolhouse, the school having been closed.

In reply I beg to say that the Department, before consenting to the sale of the building, would require to be furnished with a resolution of council and authorizing the sale. I would also want to know about how much the building would realize, and whether it is intended to sell the building alone or the lot and building. Be good enough also to state what you would recommend in this matter, and state whether you think it probable that the building might, at some future time, be again required for school purposes.

JAN 15 1900

Referring to your official letter of the 8th November last relative to the sale of No 1 School house Oneida I beg to state that I do not think it probable that the building will again be required for school purposes. I herewith enclose a Resolution from the Council of the Oneidas of the Thames asking to have the said building sold to Betsey Ingholts for the sum of \$70.00. She wants to use it for a home for herself. I consider this a fair price for the place and therefore recommend the Resolution.

Sir -

I in reply to your official letter of 29 January last. Relative to the proposed sale of No 1 School House. Under for \$70.00 I beg to state that the Chiefs of the band all approved of the issuing of Location Tickets for lands on their Reserve. They want the \$70.00 to be appropriated to the building a Council House. And they propose that the money be left in my hands, to be at their disposal when it is required. I see no advantage in their proposition in regard to my holding the money for them. But I would recommend that they be allowed the \$70.00 towards building their Council House. That it be deposited at the Department and that they be allowed to draw it for the purpose stated, ~~the whole or a part~~ as it may be required upon making an application for it.

MEMO FOR FILE:-

In company with Agent Moore, I visited the Oneida No. 2 and Oneida No. 3 Day Schools on the afternoon of May 19th, last. I found a good attendance at each school and there is no accommodation at either school for more pupils.

Another day school should be erected on this reserve as soon as funds will permit. There are 1,087 inhabitants on the Oneida Reserve and, approximately, 130 children who should be attending a day school. The two schools at present in operation only provide seating accommodation for about 73 pupils and, in addition, a large number of the children live at a considerable distance from these schools.

In view of the above conditions, the Agent is unable to enforce attendance owing to lack of accommodation.

Besides the children who attend the two schools at present, there are about 85 children from this reserve in the Mount Elgin Residential School.

It will be seen, therefore, that the building of at least one new school on the Oneida Reserve is really required.

Sir:  
I would acknowledge receipt of your Letter  
C-95 of February 7th regarding a monthly report on affairs  
at this agency.

X X X  
I am going to submit for your consideration a  
number of suggestions that I would consider necessary for the  
future health and advancement of the Indians of this agency and  
while the whole will cost money, it may be good investment  
in the long run and would eliminate the belief of these Indians  
that they are a forgotten people and will receive no assistance  
from this office and the Department.

Re School conditions.

As has been reported to the Department many times  
the school situation on the Oneida Reserve of this agency has  
never been to the advantage of these people, for while we have  
a population of about 800 on the Caradoc side, we have four  
schools there, whereas on the Oneida side with a population  
of nearly 1000 we only have two schools and the result is  
that we have more pupils than can be accommodated and have had  
to place nearly 80 Oneida children in residential schools, many  
of whom could have remained at home if day schools were  
available. The Oneida reserve really should have two more  
day schools and in this way the children of that reserve could  
be brought on a par with the children of the Muncey and Chippewa  
Bands, who are progressing more rapidly than their neighbors.

By the erection of two new schools on the Oneida  
reserve it would allow a teacher in the vicinity of 30 pupils  
each and due to the Oneidas retaining their Indian habits so  
much this number is all that a teacher could give attention to  
for many pupils start school without knowing a word of English  
and the teachers have a hard and trying time with beginners.  
There are children on the Oneida reserve that have never been  
in a school due to lack of accommodation and also neglect on the  
part of the parents. If more schools were available drastic  
action would be taken by this office to force all children to  
attend and the truancy act enforced, which is not possible at  
the present time. School conditions on the Muncey and Chippewa  
reserves are in a very good state at present.

If new schools are being contemplated at this  
agency I would suggest that consideration be given to having a  
teachers residence attached to the school, so that school  
garden supervision could be given, also close attention to  
government property.

Dear Sir:-

EX'D.

The Department is considering including in the estimates for 1938-39 provision for a new one-roomed day school on the Oneida Reserve. This would provide accommodation for 35 to 40 pupils.

In order that we may have full information, I would appreciate an early reply to the following questions:

1. Is a site available or will it be necessary to purchase a site? In either event you should state the size of the site you consider necessary and the general condition of the land, viz: whether level or sloping. You should also mention the direction in which you consider the building should face.
2. Would you recommend provision of living quarters for the teacher?
3. Could drinking water be easily obtained on the site recommended by you?
4. Would you recommend construction by contract or by day labour?
5. Do you consider a full basement necessary?

In addition to the information requested above, you should also give any other particulars that you consider would assist the Department in planning the building.

(It is hoped that)

furnace could be installed to provide heat for both classroom and residence but if no residence is supplied then a foundation only would be necessary and the classroom could be heated by a coal furnacette.

With regard further information as to this building, I would suggest to you the design of the Cape Croker No.1 Indian Day School, which building has accommodation for 35 desks and also has room for four manual training benches and I know of no better design than this building of which there must be a plan at the Department. Port Elgin School at Cape Croker is of the same design and should you request any further information, I would be pleased to submit it on request, and trust that the information given will be of some assistance.

[R]

Dear Sir:-

Attention Mr. R.A. Hoey.

I would acknowledge receipt of your letter 7-5-1 of October 22nd. with reference to including in the estimates provisions for a new one-room day school on the Oneida Reserve and in reply to your inquiries would report as follows:

1. The most suitable sight available is on the North half of Lot 20, Concession A and located West of Oneida Road No. 1, being lands owned by Solomon Schuyler and which would have to be purchased from this Indian. Two acres would be a satisfactory size, allowing for a large playground and also sufficient land for a school garden. This land is quite level and is not far from the River Thames and would have excellent drainage at the rear of the Lot. In my opinion the school would face North-East by South-West and looking toward the County Road running past the Lot.
2. I would recommend a four-room teacher's residence being attached to the school as a resident teacher could do much more good in the locality of the school than a non-resident teacher and could give better supervision to the care of the building as well as supervising school gardens etc.
3. The Indian residences adjoining, all have good surface wells and I can see no reason why water could not be obtained from the same method on the school lot and failing to obtain it, water could be obtained from wells within one hundred yards of the school lot.
4. If a properly qualified carpenter foreman was obtainable, this school could be erected by day labour in the same manner as the Medical Superintendent's residence with mostly Indian labour and I feel sure that such a foreman can be obtained.
5. In view of the fact a teacher's residence is recommended, I would consider a full basement necessary so that a

MEMORANDUM:

Mr. Wardle,-

In our Appropriation for the fiscal year 1938-39, we are making provision for an amount of \$6,000.00 to erect a day school with one classroom and teacher's living quarters attached on the Oneida reserve, Caradoc Indian agency, province of Ontario. I am bringing this matter to your attention now in order that we may have plenty of time to decide on what is required and in this way we should be able to begin construction as soon as weather conditions permit in 1938.

I would appreciate your submitting a sketch plan for our approval. To assist in preparing the plans, I supply the following information:-

1. Classroom should accommodate 40 pupils.
2. A full basement should be provided.
3. A furnace to burn coal should be installed.
4. The teacher's living quarters should form part of the building.
5. Our Indian Agent recommends that a qualified carpenter-foreman be engaged and the building erected by day labour.
6. As soon as you forward me the sketch plan, I will submit it to our Agent for his consideration and will then advise you if we desire any changes to be made.

Re - Proposed Day School and Teacher's  
Residence, Oneida Reserve, Caradoc  
Indian Agency, Ontario.

As requested in your memorandum of  
November 9th, I am forwarding herewith a sketch plan  
of a building that it is considered by our Architects  
will meet your requirements at the above site.

If the plan is satisfactory, will you  
kindly have it initialled and returned here. If any  
changes are desired, will you return the plan with  
various notations covering the changes made thereon.  
Preparation of more detailed plans can then be proceeded  
with.

You will note that during the past year  
there has been an increase of from 20% to 25% in the cost  
of building material and the Chief Engineer estimates the  
cost of the proposed building, with hot air heating and  
coal burning furnace, at \$7,750. It is noted that \$6,000  
has been included in your Estimates for 1938-39.

In order that the Engineering and  
Construction Service will have complete information in  
preparing a design of this building, I am enclosing  
herewith two copies of a 'Building Data' form and would  
be very glad if you would have these completed and return  
one copy for our records.

I enclose the completed copy of your form "Proposed Building Data" in connection with the new day school on the Oneida Indian Reserve.

You will note that we are requesting you to use "Design A1". There are two special reasons for our desiring this plan.

1. The kitchen is on the ground floor and this is necessary in order to facilitate serving of a mid-day meal.
2. The living accommodation provided is sufficiently large for two persons whom it is often necessary to employ.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 24th MAY 1938

The Committee of the Privy Council have had before them a report, dated May 19th, 1938, from the Minister of Mines and Resources, stating that under Vote 168 of the 1938-39 Estimates of the Department of Mines and Resources, a sum has been provided for the erection of a Day School with Teacher's Residence at Oneida Indian Reserve, Caradoc Agency, Ontario;

That in view of the urgency in having this building erected at an early date and to avoid delay that would be injurious to the public interest, tenders for erection were invited from the following firms:-

|                           |                 |
|---------------------------|-----------------|
| John Alexander Drake      | Strathroy, Ont. |
| James Haight              | Strathroy, Ont. |
| Longfield Brothers, Mount | Brydges, Ont.   |
| Calvin Elson              | Parkhill, Ont.  |
| A. Fennell & Son          | Newbury, Ont.   |

That tenders were received as follows:-

|                       |                 |         |
|-----------------------|-----------------|---------|
| John Alexander Drake, | Strathroy, Ont. | \$6,185 |
| Calvin Elson,         | Parkhill, Ont.  | 6,830   |
| A. Fennell & Son,     | Newbury, Ont.   | 6,938;  |

That the tender of John Alexander Drake, Strathroy, Ont., was in accordance with plans and specifications and was the lowest tender received and that the necessary security deposit has been furnished by him.

The Minister, therefore, recommends that the said lowest tender be accepted and that he be authorized to enter into a contract with John Alexander Drake, Strathroy, Ont., for the erection and completion of the said building on the Oneida Indian Reserve, Caradoc Agency, Ontario, for the sum of \$6,185, in accordance with plans and specifications prepared by the Department of Mines and Resources, the total cost, including contingencies and extra work items, not to exceed \$7,000.

The Committee concur in the foregoing recommendation and submit the same for approval.

Re Oneida # 1 School

I would advise you that Mr. J. H. McKnight of the Department of Mines and Resources is at the Agency and that work has commenced on the erection of the new Oneida # 1 School.

This lot of two acres is a portion of the lands of Solomon Schuyler at present under pasture with horses and it is necessary to at once fence the school lot to prevent accidents or damage in the excavation.

We estimate the cost to be in the vicinity of \$135.00 and as this fence is urgently required, recommend that the contractor be granted permission to erect the fence as an extra to his contract and would request that this be brought to the attention of the Chief Engineer as quickly as possible for decision.

Dear Sir:

Attention Mr. Philip Phelan.

Mr. McKnight of the Surveys and Engineering Branch has informed me that he received word from his superior that the Indian Affairs Branch would sink a well at the new Oneida # 1 School by the use of relief labour, which I do not consider possible.

At the present time we have only old crooks on relief and inexperienced persons could not, without danger of injury for which the Department would be responsible, do this kind of work.

Anderson Kennedy, Indian of the Oneida Band and an experienced well-digger, will do this job at \$1.00 a foot in clay and \$1.50 a foot in sand or gravel for a well 4 feet in diameter, the Department supplying all materials for construction such as brick and forms while Kennedy will supply derricks and all equipment and labour for digging. It is expected water will be obtained at from 20 to 25 feet, most of the digging being through gravel and it will take in the vicinity of 3000 brick at \$15.00 per M and the whole cost of the well will not exceed \$100.00 when completed. Mr. McKnight and I consider that Kennedy should be engaged to do this work at an early date and would wish your authority to proceed with the same.

I am also informed that this building is being painted one color without trim and that for an extra item of \$15.00 the contractor would be willing to paint the trim a green color which would conform with all other Departmental buildings at the Agency and would greatly improve the appearance of this new building and your authority is requested for this extra work to be done.

No arrangements have been made to install a sink or cupboard in the teacher's residence at this school nor has a drain been authorized for a sink which is essential in any residence. Mr. Drake, the contractor, will build a cupboard, complete, 4 feet in width by 8 feet in height with complete set of drawers and shelves in the kitchen for \$45.00 and consideration is asked for this cupboard as well as sink and drain.

The construction of 2 further cupboards to be built in the basement for the storage of school supplies, library books, etc. is requested. These cupboards would be with shelves and doors 4 feet 6 inches wide and 8 feet high at a cost of \$34.00 each and are absolutely necessary and could be installed as an extra by the contractor. A rough sketch of the proposed cupboards as submitted by Mr. Drake, the contractor, is enclosed. These cupboards would be built of good dressed lumber.

As these requirements concern the contractor and would be completed while Mr. McKnight is supervising the erection of the school, your early reply would be appreciated.

Your obedient servant,

Enclosure 1.

DIRECTOR

Surveys & Engineering Branch

Re: Day School and Teacher's  
Residence, Oneida Reserve,  
Carleton Place, Ontario.

I enclose, for your information, a copy of a letter which has just been received from Indian Agent Moore.

A well is very necessary at any school and I recommend that you authorize Mr. McKnight to arrange for drilling the well. The request contained in paragraphs 4, 5 and 6 of the Agent's letter appear reasonable and if possible should be favourably considered.

Acting Director.

August 11th, 1938

Dear Sir: Attention Mr. R. A. Hoey.

I would acknowledge receipt of your letter 7-5-5 of August 9th with reference to desks for pupils of the new Oneida # 1 Indian Day School and would advise that the plan of the school shows a classroom large enough for forty desks and I would submit the following sizes:

|       |                        |       |
|-------|------------------------|-------|
| No. 1 | Pupils 16 to 20 years- | two   |
| No. 2 | " 12 to 16 "           | ten   |
| No. 3 | " 10 to 12 "           | ten   |
| No. 4 | " 8 to 10 "            | ten   |
| No. 5 | " 5 to 8 "             | eight |

I enclose a small sketch of the alignment of these desks when installed and do personally consider 35 desks sufficient and, if you concur, would eliminate one desk of each size or the back row as shown in the sketch.

Dear Sir:

Attention Mr. Philip Phelan

As the erection of the new Oneida #1 School is expected to be completed before September 1st, I would inquire if orders have been placed for the pupils school desks, teacher's desk and teacher's chair that will be necessary to equip this classroom, also whether blinds have been ordered for windows or what arrangements have been made with regard the supply of classroom materials needed by a teacher when the school is opened.

The same inquiry is made as to furniture, bedding, etc. needed for the teacher's residence and fuel for heating. Is it your desire that this office submit requisitions for these articles or will a supply be sent forward from the Department? *ordered or*

Kindly advise, also, if you desire me to obtain applications for a teacher, a lady with experience being preferred, and your early reply will be appreciated.

Your obedient servant,

Dear Sir:

I have your letter of the 5th instant with reference to the new Oneida No. 1 Indian Day School.

With reference to the desks for the pupils the Department supplies single school desks and these come in the following sizes:

|       |        |               |
|-------|--------|---------------|
| No. 1 | Pupils | 16 - 20 years |
| " 2   | "      | 12 - 16 "     |
| " 3   | "      | 10 - 12 "     |
| " 4   | "      | 8 - 10 "      |
| " 5   | "      | 5 - 8 "       |

Please let me know the number of each size that will be required. When you supply this information the Purchasing Agent will be requested to purchase the pupils' desks, teacher's desk and teacher's chair.

You will be advised in the near future regarding the name of the teacher that will be in charge of this school for the coming academic year. No action will be taken toward furnishing the teacher's living quarters at the present time until the new teacher is appointed as I am under the impression that this teacher does not intend to occupy these living quarters.

In connection with the above I enclose, for  
your information, a copy of a letter which has just  
been received from Indian Agent Moore.

The various requests contained in this letter  
appear reasonable and, if possible, I would appreciate  
your arranging to have the extras allowed.

OFFICE OF  
INDIAN AGENT

Muncey, Ontario.  
August 5th, 1938

Dear Sir:

Attention Mr. Philip Phelan.

Mr. McKnight of the Surveys and Engineering Branch has informed me that he received word from his superior that the Indian Affairs Branch would sink a well at the new Oneida # 1 School by the use of relief labour, which I do not consider possible.

At the present time we have only old crooks on relief and inexperienced persons could not, without danger of injury for which the Department would be responsible, do this kind of work.

Anderson Kennedy, Indian of the Oneida Band and an experienced well-digger, will do this job at \$1.00 a foot in clay and \$1.50 a foot in sand or gravel for a well 4 feet in diameter, the Department supplying all materials for construction such as brick and forms while Kennedy will supply derricks and all equipment and labour for digging. It is expected water will be obtained at from 20 to 25 feet, most of the digging being through gravel and it will take in the vicinity of 3000 brick at \$15.00 per M and the whole cost of the well will not exceed \$100.00 when completed. Mr. McKnight and I consider that Kennedy should be engaged to do this work at an early date and would wish your authority to proceed with the same.

I am also informed that this building is being painted one color without trim and that for an extra item of \$15.00 the contractor would be willing to paint the trim a green color which would conform with all other Departmental buildings at the Agency and would greatly improve the appearance of this new building and your authority is requested for this extra work to be done.

No arrangements have been made to install a sink or cupboard in the teacher's residence at this school nor has a drain been authorized for a sink which is essential in any residence. Mr. Drake, the contractor, will build a cupboard, complete, 4 feet in width by 8 feet in height with complete set of drawers and shelves in the kitchen for \$45.00 and consideration is asked for this cupboard as well as sink and drain.

(2)

The construction of 2 further cupboards to be built in the basement for the storage of school supplies, library books, etc. is requested. These cupboards would be with shelves and doors 4 feet 6 inches wide and 8 feet high at a cost of \$34.00 each and are absolutely necessary and could be installed as an extra by the contractor. A rough sketch of the proposed cupboards as submitted by Mr. Drake, the contractor, is enclosed. These cupboards would be built of good dressed lumber.

As these requirements concern the contractor and would be completed while Mr. McKnight is supervising the erection of the school, your early reply would be appreciated.

Your obedient servant,

Enclosure 1.

Muncey, Ontario.  
August 11th, 1938.

Dear Sir: Attention Mr. R. A. Hoey.

I would acknowledge receipt of your letter 7-5-5 of August 9th with reference to desks for pupils of the new Oneida # 1 Indian Day School and would advise that the plan of the school shows a classroom large enough for forty desks and I would submit the following sizes:

|       |                        |       |
|-------|------------------------|-------|
| No. 1 | Pupils 16 to 20 years- | two   |
| No. 2 | " 12 to 16 "           | ten   |
| No. 3 | " 10 to 12 "           | ten   |
| No. 4 | " 8 to 10 "            | ten   |
| No. 5 | " 5 to 8 "             | eight |

I enclose a small sketch of the alignment of these desks when installed and do personally consider 35 desks sufficient and, if you concur, would eliminate one desk of each size or the back row as shown in the sketch.

Gentlemen,

In reply to your letter of the 25th ultimo, regarding the price of one Teacher's Desk No. 121, covered by Purchase Order No. 7002, E.R.#1206, please be advised that it will be in order to invoice same at \$25.00 f.o.b. cars, Union Station. The figure \$10.25 was inserted on the order in error, as this is the price for a different style of desk according to your price list of July 2nd, 1937.

Yours very truly,

W. M. BAILEY,  
W. M. Bailey,  
Departmental Purchasing Agent.

EX'D.

Dear Sir: Attention Mr. R. A. Hoey.

Please find enclosed voucher No. 232 in favour of the Globe Furniture Co., Waterloo, Ontario, for \$313.50, being for desks and chair supplied for the new Oneida #1 Day School.

Also find enclosed voucher No. 231 in favour of John A. Drake, Strathroy, Ont., for \$6.75, being for labour in installing these desks.

As you will see by the shipping bill enclosed, the desks were shipped on September 1st and while Muncey is only 120 miles distant, it was the 9th of September before they were received and the big delay was due to the C.N.R. between Waterloo and St. Thomas, taking 7 days to make this connection.

No back seats were supplied and I would ask that one size # 1, 3 size # 2, and one size # 4 be ordered as soon as possible, as the present lay out only gives us seats for 30 with 35 desks.

Arrangements have been made to open this school September 12th and we have borrowed from other teachers supplies enough to allow opening which will be returned when Oneida # 1 school supplies arrive.

Your obedient servant,

A. D. Moore, Indian Agent.

Memorandum:

Schools.

I wish to inform you that while at the Caradoc Agency, I visited the new school on the Oneida Reserve.

The teacher brought to my attention that the two drains in the cloakrooms were not working. This can be readily understood as there is no drain away from the school. The engineers had been under the impression that the gravel soil would take care of the drainage from these drains. It is evident, however, these drains should not be used.

The teacher said she required the following:  
A cupboard should be built on the wall at the end of the blackboard; height, 4 ft., by 6 ft. by 1 ft. Also, two small cupboards are needed in the cloakrooms to store the lunches the children bring with them to school. These need not be larger than 3 ft. x 2 ft. x 1 ft., and should contain one shelf. Each cloakroom should be equipped with a bench on which to place basins where the children could wash their hands. Two more basins are required, and in addition, two pails are needed for the waste water. At the present time, the water is being thrown out the window.

The well is practically dry as only at times can the teacher get any water out of it.

If the Agent were authorized to have the cupboards built, he could have an Indian on the Reserve do the work.

General Superintendent  
of Agencies.

Ottawa,  
November 30, 1938.

Dear Sir:

Reporting on his recent visit to the Caradoc Agency Mr. M. Christianson, General Superintendent of Agencies, states that the following cupboards are needed:

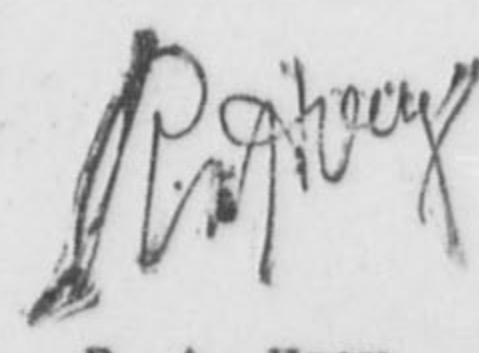

1. A cupboard to be built at the end of the blackboards; height 4' x 6' x 1'.
2. Two small cupboards in the cloak rooms to store the lunches. Each of these need not be longer than 3' x 2' x 1' and should contain 1 shelf.

It is understood that you can have an Indian build these at a reasonable cost. You may, therefore, arrange for the necessary work.

Each cloak room should also be equipped with a bench on which to place the wash basins. Two wash basins and 2 pails may be purchased.

Yours truly,

  
A. D. Moore, Esq.,  
Indian Agent,  
Muncey, Ont.

EX'D.

NOV 29 1938

Dear Sir: Attention Mr. Philip Phelan.

*See letter of  
Nov 28/38  
b.p.*

I would advise you of the request of the teacher of the new # 1 Oneida Day School that a bookcase 4' wide by 5' high by 9" in depth be supplied for the storage of school library books, also, that two boxes 2' square by 3' high be built in the cloak-rooms to be used in keeping pupils lunches. Two wooden benches are also needed in the washrooms in the basement of this school as at the present time the wash basins are either on the floor or on card board boxes. These benches could be 4' long, 18" high and 14" wide. A local Indian could build the lunch boxes and benches which total cost should not exceed \$10.00.

A bookcase without a glass front being satisfactory, it could be constructed by an Indian and should not exceed \$6.00 in cost.

Note of these requirements was made by Mr. Christianson on his recent visit to this Agency and two additional brooms for cloak-rooms and two additional hand basins and two slop pails for washrooms have already been purchased on his instructions.

Your obedient servant,

*A. D. Moore*

Re - New Day School, Oneida (No. 1)  
Indian Reserve, Ontario.

The above building was erected by contract under the supervision of an Engineer of this Branch, being completed on September 7th, 1938.

The total cost including extra work orders and the cost of providing a well by day labour, was \$6,840.00. The estimated cost of the building was \$7,000.00.

I understand that you have already been forwarded photographs of the completed building by our Chief Engineer.

Will you kindly regard this memorandum as officially transferring the building to you as from the date of completion.

Dear Sir:

In reporting on his inspection of the  
Oneida No. 1 school on November 14 Inspector  
Smith writes as follows:

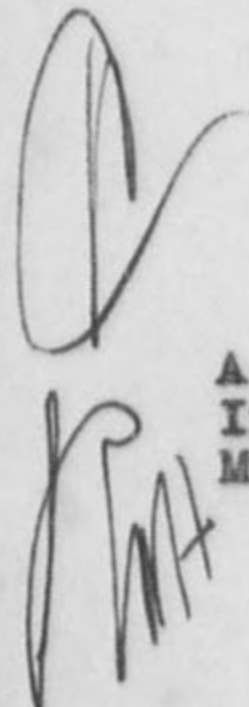

"There is no drinking water in the ground  
and the drains in both the boys' and girls'  
wash rooms are plugged and the water has backed  
up."

Please let me have a report regarding the  
Inspector's remarks as I understood a well was  
dug at the time the school was erected.

Yours truly,

R. A. Hoey,  
Supt. of Welfare & Training.

Dear Sir: Attention Mr. R.A.Hoey.

In acknowledging receipt of your letter 7-5-5 of December 20th, concerning the report made by Inspector Smith on his recent visit to the new Oneida No. 1. Indian Day School, I would advise that on Nov. 14th Mr. Smith mentioned the drains and pump, when he made a quick visit to this office and on November 16th I visited the school and with a lead pencil opened the drains and allowed the water to go away. These drains are the ordinary floor type and sediment had gathered around the holes in the drain plate. To eliminate this in future two stop pails were supplied so that no refuse need be pored down these drains.

The pump at the school like all others in the close locality of the school and on account of the very mild and dry Fall, did go dry at times and this well being new and built in a dry season has not reached its full capacity and ten pails will dry it at times and it is hoped that during the wet season it will fill up and give a sufficient supply for all needs. It was also learned that when the local Indian wells went dry that they early in the morning and before the teacher and caretaker were on the job, did go to the school well for their daily water supply and when the teacher would wish water for the school and residence, the Indians had drained it. This well should provide plenty of water after it has been given a chance to establish a reserve supply during the wet season.

Muncey, March 28th, 1939.

Dear Sir:

On my visit of inspection at the Oneida No. 1 Indian Day School on March 27th the attendance at this school has filled the classroom to capacity and the teacher informs me that there are six new pupils commencing school after Easter and that she needs more seating accomodation.

At the time the desks were installed no backs were supplied which reduced the number of desks from thirty-five to thirty as reported in my letter of September 10th, 1938.

Please provide as soon as possible backs only for the following from the Globe Furniture Co. Waterloo, Ontario,

Desk...Size No. 1 .....one back

Desk...Size No. 2 .....three backs

Desk...Size No. 4 .....one back

Your obedient servant,

A. D. Moore, Indian Agent.

Muncey. Ont. April 18th. 1939.

Dear Sir:-

Please be advised that it will be necessary to install tile for drainage purposes around the foundation of the new Oneida No.1. Indian Day School and the cost of material and labour will run in the vicinity of \$100.00.

The last few days we have had heavy rain falls and the water is three inches deep in the basement of this new school and it has been necessary to engage a man to bail this water out each day and to allow the water to continue to run into the basement will effect the flooring and foundation of the school. The need of a tile drain around this school was brought to the attention of the Engineer when the school was built and it was thought that as there was a thickness of gravel under the foundation that no tile would need to be installed, which has now been found to be in error.

Six hundred and twenty-four inch field tile are needed which will cost \$15.50 purchased locally. One hundred and seventy feet of these tile would be used around the building and the other four hundred and fifty will be used for an outlet to the bank of the River Thames. The cost of installing these tile will be in the vicinity of \$75.00 to \$85.00 and an advance of this amount should be made this office to pay the labour.

Your early attention and authority to install this drain is requested.

This school was constructed last summer under the supervision of one of the officers of your Branch. Presumably he did not consider such a drain necessary or it would have been constructed at the time of the erection of the building. However, in view of the Agent's report I should appreciate receiving from you any information that you may have available.

Memorandum:

Dr. McGill.

Re - Oneida No. 1 Indian Day School.

I have your memorandum of April 21st quoting a letter received from your Indian Agent in which he states that it is necessary to install drainage tile around the foundation of the above school at a total cost of approximately \$100.

In this connection I might say that the Engineer in charge of the construction of this School does not know of any reason why there should be water in the basement as the usual waterproofing precautions were taken.

I am quoting herewith the Chief Engineer's remarks in this connection:-

"I might say that before construction was begun, information received in connection with the site indicated that subsurface soil conditions provided good natural drainage. This was confirmed by our supervising engineer, and the contractor. Weeping tile drainage was, therefore, not considered necessary. The foundation walls were covered with two coats of tar pitch, as waterproofing; and, as the building was twenty-five feet above the water level of the Thames River, it is difficult to state the reason for water infiltration as reported."

It is of course most undesirable that in the new schools there should be trouble with water in the basements, and our Architects have been instructed to give consideration to providing for drainage, not only around the foundation walls but also from the basement floor itself, in future schools.

Mr. Dudley, of our Architectural staff, will be in Western Ontario in a few days and we are asking him to make an inspection of the Oneida school.

Dear Sir:

I forwarded a copy of your letter of April 18 to the Surveys & Engineering Branch. The engineer who was in charge of the construction of this school does not know any reason why there should be water in the basement as he states the usual water proofing precautions were taken.

However, the fact remains that water does accumulate in the basement and Mr. Dudley of the architectural staff, who expects to visit Western Ontario in the near future, will make an inspection of the Oneida No. 1 school.

Yours truly,

R. A. Hoey,  
Supt. of Welfare & Training.

Memorandum:

Mr. Wardle.

Re - Indian Day School,  
Onsida Reserve, Ont.

With further reference to our memorandum of the 8th instant, I may say that when in the vicinity, Mr. Dudley visited the above building on the 11th instant and reported as follows:-

" The basement foundation walls are in sound condition and show no signs of water seepage or leaks. From conversation with the school teacher, it appears that during the flooding of the basement, this Spring, the water entered through the floor slab along lines which obviously are construction joints formed by interruption during the pouring of the concrete slab.

As the water level in the wells in the district is exceptionally high this year, it would appear that the flooding of the school was due to excess water in the soil and can only be prevented by rapid drainage of the soil around the building. It is considered that the installation of a 4" weeping tile drain around this building will provide the drainage required to prevent flooding under such circumstances.

Encl.

Attached hereto is a plan in duplicate, for transmission to the Indian Affairs Branch, for the information and use of their Agent in carrying out the proposed work.

Respectfully submitted,

A handwritten signature in dark ink, appearing to be "J.M. Wardle".

Re: Oneida Indian Day School.

In regard to the flooding of the basement of the above school I advised you in my memorandum of the 10th instant that Mr. Dudley would make an inspection. Our Chief Engineer advises, as will be seen by a copy of his memorandum attached, that Mr. Dudley visited the school on the 11th instant and his report is incorporated in the Chief Engineer's memorandum.

It is noted that Mr. Dudley recommends the installation of a 4" weeping tile around the building and plans are forwarded in duplicate for the information of the Indian Agent showing where the tile should be placed.

EX'D

Dear Sir:

With reference to previous correspondence regarding the water in the basement of the Oneida No. 1 Indian day school I am informed by Mr. Dudley that in company with yourself he recently visited this school.

Mr. Dudley recommends the installation of a 4" weeping tile drain around the building and I enclose, for your information, a plan of what he considers is required. If there is any further information you require before beginning the construction of this drain please let me know.

It is understood, of course, that only Indians will be employed to do any necessary work and that you will supervise the digging of the drain with a view to keeping the cost as low as possible.

Dear Sir: Attention Mr. R. A. Hoey.

I would acknowledge receipt of your letter 7-5-5 of June 14th, concerning the installation of a tile drain around the Oneida No. 1. Indian Day School, to prevent water coming into the basement of this school and would advise you that we will be ready to install this drain early in July and would ask that an advance cheque of \$85.00 be sent forward for the payment of the Indian labour that will be engaged in the digging of the drain.

The tile necessary for this drain can be secured locally from a firm on the approved list and the cost of the tile will not exceed at the most \$20.00 to \$25.00 thereby eliminating the necessity of purchase through the purchasing agent or causing delay.

July 25th 1939.

Dear Sir:

Under authority granted by your letter 7-5-5 of June 19th please find enclosed Labour Returns in triplicate to a total of \$81.75 being for wages paid for Indian labour in the installation of a tile drain at the Oneida No. 1 Indian Day School.

This drain was installed in accordance with the plan sent forward from the Department and it is expected that there will be no further trouble from water coming into the basement of the school.

Yours truly,

Muncey, Ont.,

Nov. 27th 1940.

Dear Sir;

Please find enclosed Requisition Form 37½ in triplicate for supplies needed to provide noon day lunches at the seven Indian Day Schools of Caradoc Agency during the coming cold weather.

These supplies requisitioned for, will allow lunches to be supplied for a period of 14 weeks, commencing Dec. 1st.

To save as much as possible in the cost of these materials last Fall, they were purchased from the T. B. Escott & Co., wholesale grocers of London, Ont., a firm on the approved list and the same procedure will be followed this year unless otherwise instructed by the Department.

Yours truly,

*A.D. Moore*

Dear Sir:

OK  
I would beg to advise that the newly appointed teacher of the Oneida No. 1 Indian Day School at Caradoc Agency, Mrs. Margaret Wallace, has written to this office requesting that a sanitary closet be installed for use in the residence. I have been informed that this teacher has one child of her own who will be living in the residence with her and apparently neither Mrs. Wallace nor the child wish to use the same toilets as the Indian pupils attending the school. The estimated cost of a sanitary closet complete with pipes, elbows etc. would, with installation, be about \$12.00.

no  
Mrs. Wallace, the teacher, also requests that the Department provide her with a garage for her car. There is no garage at this school as a similar request from the former teacher of this school was not approved in your letter 7-5-1 of Sept. 13th, 1938. The new teacher intends to keep her car at the school throughout the term and is of the opinion that a garage should be supplied. A garage of metal construction such as was supplied at Lower Muncey and Back Settlement schools would, in my opinion, be most satisfactory and the estimated cost of same would be \$100.00.

I would wish to be advised if the Department approves of the above expenditures and if so, instructions regarding purchase of same would be appreciated.

OK  
Mrs. Wallace has also asked for permission to occupy the residence about one week in advance of the opening of school on October 1st and I would wish to be advised if this would meet with the approval of the Department. An early reply would be appreciated so that I may inform the teacher of the Department's decisions.

Your obedient servant,

Dear Sir:

With reference to your letter of August 28, you may expend an amount of \$12.00 in installing a sanitary closet in the teacher's residence at the Oneida No. 1 Indian Day School. You may also allow Mrs. Wallace to occupy the teacher's residence about a week in advance of the opening of the school on October 1.

It has not been our practice in recent years to provide a garage at any Indian day school. Under these circumstances, favourable consideration cannot be given to the request of Mrs. Wallace for a garage at the Oneida No. 1 School.

Yours truly,

Philip Phelan,  
Chief, Training Division.

Muncey, Ontario,  
October 29th, 1941.

Dear Sir:

I would advise that Mrs. M. Wallace, teacher of the Oneida # 1 Indian Day School, has again requested me to ascertain if the Department will approve of supplying her with a garage for her car.

In this connection I would refer you to my letter of August 28th, 1941, and Departmental reply 7-5-5 of September 2nd, 1941, in which it is stated that approval of this expenditure could not be given. I advised Mrs. Wallace of the Department's decision but she has again appeared at this office suggesting that some second-hand garage or small building be provided for her use which would not be as expensive as a new garage. Mrs. Wallace has a car of quite recent manufacture and to avoid its deterioration she would appreciate some sort of garage for it as a protection against wind, sun, snow and rain.

This teacher is of the opinion that a second-hand garage or small building might be obtainable for approximately \$25.00 and I would wish to be advised if the Department would approve of this expenditure providing we can locate such a building. If funds are available I would recommend that Mrs. Wallace be provided with a garage at an estimated cost of \$25.00.

Your obedient servant,

Dear Sir:

I have your letter of the 29th ultimo with reference to the erection of a garage at the Oneida No. 1 School.

At the present time it is definitely not our policy to provide a garage for a teacher of an Indian day school. You will readily appreciate that if we built a garage at one school we would have similar requests from practically all of them.

Since Mrs. Wallace was appointed teacher of this school the Government has provided a cost-of-living bonus and, as a result, Mrs. Wallace will receive 11% more salary than she originally expected. Besides, she has very comfortable living quarters and I do not feel that it is our responsibility to erect a garage simply because she purchased a car for her personal use.

Muncey, Ontario,  
November 18th, 1941.

Dear Sir:

Enclosed please find Requisition Form #37 in triplicate for supplies needed to provide mid-day lunches at the seven Indian Day Schools of the Caradoc Agency during the winter months.

If funds are available I would suggest that the Department authorize local purchase of these supplies the same as last year, purchases being made from the T. B. Escott Co. wholesale groceries of London, Ontario, who are on the approved list, and from whom very economical prices were obtained. Practically all the supplies which were purchased last year were used last winter. The supplies as listed on the enclosed Requisition should be sufficient to last for a period of fourteen weeks commencing December 1st, 1941. A hot cocoa drink would be given to the pupils four days a week, and soup would be prepared one day a week. Your early reply as to whether the Department intend to approve supplying school children with hot lunches during the winter months of 1941-1942 would be appreciated at a total estimated cost of \$140.00.

Your obedient servant,

*M. W. McCracken*

Secretary,

Dear Sir,-

I have been approached by the teachers of the Caradoc Agency with reference to school lunches. Last year's file shows that approximately \$130.00 was allotted to the various schools, 7 in all. Subject to the amount available, I would recommend the practice of supplying hot lunches be continued.

Yours truly,

Dear Sir:

With reference to your letter of the 9th instant, you may purchase, from a firm on the approved list, the supplies required for midday meal purposes at the schools in the Caradoc Agency. The total expenditure should not exceed the amount allowed last year. When submitting accounts, please forward a separate account for each school for which midday meal supplies are given.

Yours truly,

This report is submitted with a view  
to laying before you for consideration, repairs which I  
think are necessary and should be given every possible  
consideration. For convenience the listed repairs are in  
order of priority. You will appreciate the fact that we  
are already in the second month of summer holidays. It  
would therefore be appreciated, should you consider the  
suggested repairs, that this Office be advised as soon as

BACK SETTLEMENT

As you know, school in this section is being conducted in the basement of the Anglican Church. To date there has been no damage done and I see no necessity for repairs unless it be the holes in the outhouses as mentioned by Public School Inspector Young. I have to report that these holes will receive attention during the summer holidays.

This report is submitted with a view to laying before you for consideration, repairs which I think are necessary and should be given every possible consideration. For convenience the listed repairs are in order of priority. You will appreciate the fact that we are already in the second month of summer holidays. It would therefore be appreciated, should you consider the suggested repairs, that this Office be advised as soon as possible.

This is a comparatively new school and although the need of repair is beginning to show it could be left for another year.

RIVER SETTLEMENT

Both exterior and interior decorating are badly needed. This school is dull, dirty and dismal and does not lend itself to good teaching. In fact it should be rebuilt. However, \$ 250.00 spent on it would perhaps brighten it up.

BEAR CREEK

This is another school badly in need of both outside and interior decorating.

Mr. G.W. Down, Indian Agent, Muncey, Ont.

With reference to your letter of the 5th instant, the Department approves the following expenditures for repairs at the Oneida No. 1 School:

|                     |   |         |
|---------------------|---|---------|
| Steps               | - | \$15.00 |
| Cupboard            | - | 20.00   |
| Desks               | - | 25.00   |
| Interior decorating | - | 95.00   |

It is noted that the cost of the material will be \$70.00 and the labour \$85.00.

Under separate cover you are being forwarded an accountable cheque for \$325.00, covering the cost of the labour in making repairs at Oneida No. 1, Oneida No. 2, Oneida teachers' residence and Bear Creek.

In forwarding accounts for materials required at the schools at which expenditure is being authorized, you should submit a separate account for each school.

R.A. Hoey,  
Supt. of Welfare & Training.

Muncey, Ontario,  
Sept. 17th, 1943.

Indian Affairs Branch,  
Dep't of Mines & Resources,  
Ottawa.

I have to advise that all Indian Day Schools of the Caradoc Agency opened September 1st, 1943, with a full teaching staff. Every effort was made to have the necessary schools interior decorated before opening. In this connection Nos. 2 & 3 Oneida and Bear Creek were completed and ready for classes, and exterior decorating is now proceeding.

I regret to advise that River Settlement School has not received any attention. This is not through neglect of this Office but, to date, we have not yet received the necessary materials ordered from Scarfe & Co., through the Purchasing Agent.

I have made a tour of the schools and the following articles are being asked for.

Soap  
Toilet Paper  
Window Screens  
Paper Towels

I would therefore recommend the following purchases be approved.

ONEIDA NO. 1 - 36 pkts. paper towels

Your File 7-5-5.

I wish to acknowledge receipt of your letter dated December 3rd, in reference to advance cheque No. 012996, covering labour repairs at Nos. 2 & 3 Oneida Indian Day Schools, Oneida Teachers' Residence and Bear Creek I.D.S.

Your letter leads me to believe that you have not yet received credit vouchers covering in part any portion of this advance? Records at this office show credit vouchers have been submitted as follows.

It would be appreciated if you would check for correction, if any.

In regard to Oneida No.1. It was pointed out in my report of August 5th, 1943 that no repairs were necessary this year. All other jobs are in various stages of completion with the exception of the Teachers' Residence. This I regret has not been decorated and weather conditions at this season of the year are not favourable for this type of work. This is not neglect, but I am sure you will appreciate our difficulties with present day strained labour conditions. We have to operate on a "catch as catch can" policy in securing labour capable of performing even the most menial jobs.

The amount involved in the teachers' residence, namely \$ 60.00 will shortly be returned to the Receiver General for credit. The amounts mentioned on other jobs were all more or less approximate. When accounts are in, the balance, if any, will also be returned to the R.G. for credit.

Noted

Ottawa, December 11, 1943.

Mr. G. W. Down, Indian Agent, Muncey, Ont.

I have before me reports on the No. 1, No. 2 and No. 3 Oneida Indian Day Schools. Inspector Smith, in his report on the No. 2 School, states:-

"Three or four fence posts in front of the school have been broken off and the fence is practically down."

A reference to the No. 1 School reads:

"The doors of both the closets are off and lying on the ground. The teacher states that they were off on the opening of the school in September, were put on once and were again taken off. Nothing has been done about it since".

*RAH*

The officials here realize that our agents are experiencing a certain amount of difficulty in securing the help necessary to undertake repairs at Indian day schools and agency buildings throughout the Dominion. Nevertheless, the inspector's reference to the condition of the closets at the No. 1 School is somewhat disturbing. I have always taken the position that instruction in cleanliness and neatness is just as important at an Indian school as the teaching of any other subject, and I have been particularly insistent, throughout my stay with the Department, that outdoor closets should be kept clean, comfortable and in a good state of repair. Such work, I feel, should be fundamental in our educational scheme of things. It would be very much appreciated, therefore, if you would take the steps necessary to have these repairs undertaken at the earliest possible date. If Indian pupils have formed the habit of removing these doors or in any way impairing departmental property, the matter should be discussed with the R.C.M.P.

Muncey, Ontario,  
Dec. 15th, 1943.

Indian Affairs Branch,  
Dep't of Mines & Resources,  
Ottawa.

This will acknowledge receipt of your letter dated December 11th in reference to Public School Inspector Smith's report on Oneida Indian Day Schools. I regret that these adverse reports are necessary and feel that much correspondence could be saved if the inspector concerned would, once in a while, contact our local Office and discuss problems to our mutual benefit. I am, however, sure that you will appreciate the difficulties that I am, with many others, experiencing in securing labour for the many jobs that need attention.

In regard to the fence posts at No. 2 I have to advise that every year, and throughout the year, there is a certain amount of repairing of fences due to the fact that posts rot off and let the wire down. It is regretted that Mr. Smith should have called at the school before we had a chance to repair them. It is most difficult, in these strained days, to get any of our work done and we usually have to wait the other fellow's convenience. I have been waiting four months for electrical repairs to Agency buildings and each time I contact the electrician I am told "in due time".

As to the toilets at No. 1 both the teacher and I have become very much concerned about the wanton destruction of not only school property but personal property. Some person or persons deliberately slashed the tires of the teacher's automobile and generally played havoc with the inside. All efforts so far to learn the names of the guilty parties have failed. The pupils deny any knowledge of such destructiveness and I believe they are telling the truth. It is thought to be the work of a gang of boys of adolescent age. We no sooner get things repaired than they are torn down again. Whoever is responsible for this wantonness is operating not only within the confines of the Reserves but also in the village of Muncey. Our Departmental Nurse's private car has been stolen and damaged twice; stores and houses have been broken into and articles stolen. Three weeks ago 32 chickens were stolen from the Mt. Elgin Residential School. Two weeks ago Mr. Lockwood's store was broken into and \$ 25.00 in cash stolen. One week ago three garages were broken into and windows smashed in cars; and twelve pairs of shoes stolen from Mr. Lockwood's car. These shoes were recovered, scattered throughout the Reserve. Even the Chippewa Council Hall received attention, windows were

broken and electric fixtures literally torn from the walls. Several Indian homes have been entered and goods and supplies taken. It is not only discouraging but disgusting, when everything possible is being done for their comfort, to have them do such things. The doors of the closets have been put back on three times, the last time with bolts instead of screws.

The R.C.M.P. and Provincial Police have been working on these reported cases and it is thought that the same persons are responsible both on and off the Reserves. All this may have no bearing on this particular school but we think it has. In any case it will serve to give you some idea of the character and minds of some of these people and when I say that the Caradoc Agency is the toughest assignment I have ever had, it is no exaggeration. However, you can be assured that during my term of administration everything possible is being, and will be, done to keep all buildings in a good state of repair with special emphasis placed on cleanliness.

In conclusion may I ask, "Have I, at all times, the authority to go ahead and make all minor repairs without first submitting the requirements to Ottawa for consideration and approval?"

Re: Condition of No. 1 and No. 2  
Indian Day Schools.

I desire to acknowledge receipt of your letter of the 15th instant and to thank you for the information contained therein. We are today communicating with the Commissioner of the R.C.M.P. with respect to the outbreak of lawlessness at your agency.

We note the enquiry sent forward by you in the last paragraph of your letter. In view of the limited funds at our disposal in this critical period, it is always advisable to secure departmental approval for any repairs that may be undertaken at Indian day or residential schools. If, however, you feel the necessity of incurring a small expenditure for the replacement of a door on an outside toilet, or incidental expenditures of this character, no difficulty will be experienced in the payment of such small accounts.

Re: Conditions at Oneida Indian Reserve  
Ontario

With reference to the Asst. D.C.I.'s memorandum in the above connection under date of the 22nd. instant and enquiries referred to therein, it is desired to point out that certain depredations referred to in Paragraph three, of Indian Agent Down's report of the Indian Affairs Branch, under date of the 15th. instant, have already been reported on by Cst. Needham, in charge of Muncey Detachment.

In this connection your attention is kindly drawn to Cst. Needham's report of 24-11-43, Re: Lloyd Burch (Indian) Juvenile, Muncey, Ontario, Section 3 Juvenile Delinquency, and B.E. & Theft, Ontario Provincial Police case "O" Division File #43TL380/257, concerning the theft of 32 chickens from the Mt. Elgin Residential School, such matter has already been reported on, and your attention is drawn to Muncey Detachment report of the 7th. instant Re: Samuel Simon (Indian) Chippewa Indian Reserve, Ontario, theft of chickens, Section 370, C.C.C. "O" Division File #43T673-2/1.

It will therefore be seen that some of the complaints have been satisfactorily disposed of, but Cst. Needham is being instructed to submit a full report covering the destructiveness which is now apparently being perpetrated on the reserve, by young teen-aged Indian youths.

5. I might point out that no complaints have been received at this Detachment to date in connection with some person or persons deliberately slashing the tires on the teacher's automobile, nor has any complaint been received in connection with any damage done to the schools on the Oneida Indian Reserve. All complaints being received at this Detachment are given prompt attention, especially with any lawlessness on the Reserves, complaints originating off the Reserves are immediately turned over to the Ontario Provincial Police, who are given every assistance and co-operation by members of this Detachment.

6. In conclusion I would like to point out that since taking over this Detachment I have given every assistance and co-operation to Indian Agent G.W. Down, and also his predecessor Mr. A.D. Moore, in the suppression of lawlessness, especially on the Reserves, and will continue to do so in the future. It is the opinion of the writer that the recent outbreak of lawlessness, mentioned by Mr. Down, has now been stopped, with the arrest and conviction of SIMON, BURCH and GROSBECK

THE COMMISSIONER:

1. FORWARDED. It will be noted from Cst. Needham's report that the majority of the complaints made by Indian Agent Down of Muncey, have been investigated, and since the arrest and conviction of the three young Indians mentioned in this report, there seems to have been some abatement in the amount of lawlessness which have been perpetrated on the Oneida Reserve.

2. It might be mentioned that in Agent Down's report to his Department concerning the theft of shoes from Mr. J. Lockwood's car, and which he stated were scattered throughout the Reserve, the shoes were actually located within 50 yards of the automobile from which they had been stolen. It would appear that young Burch has been responsible for quite a lot of the incidents reported on by Mr. Down, and it is felt that Cst. Needham is carrying out his duties with due diligence, ably assisted by the Ontario Provincial Police on any matters affecting Indians outside the Reserve. Naturally enough, if any complaints received by Agent Down or any of the Departmental staff on the Reserve, are not referred to Cst. Needham, he probably has no means of knowing about them which precludes his following the cases up at the earliest possible moment. In the circumstances, therefore, it is not considered that matters are in any way getting out of hand at Muncey in relation to the number of complaints reported, and it is considered that Cst. Needham has the general situation pretty well under control. CONCLUDED.

1. With reference to the above, and further to memorandum of Insp. G.B. McClellan, dated 29-12-43, together with copy of letter forwarded by Indian Agent G.W. Down, to the Indian Affairs Branch, Dep't of Mines and Resources, Ottawa, Ont., on Dec, 15th, 1943.

2. As indicated in Mr. Down's letter, there has been an outbreak of lawlessness in this district during the past several weeks, and the writer, together with Prov. Cst. J. Fulton. Strathroy, Ontario, has been successful in bringing to a conclusion all complaints received, both on and off the Reserves. The following being a brief summary. Lloyd BURCH (Indian) Juvenile. Muncey, Ont., Sec. 3 Juvenile Delinquents Act. B.E. & Theft. (Please see report dated 24-11-43) This Indian was convicted and placed on probation for B.E. & Theft, from Lockwood's General Store, Muncey, Ont., Samuel SIMON (Indian) Chippewa Indian Reserve, Ont., Theft of Chickens. Sec. 370 C.C. of C. (Please see report dated 7-12-43) This Indian together with Lloyd BURCH and Hubert GROSBECK (Indians) were arrested by the writer and later convicted for the Theft of thirty chickens, from the Mount Elgin Indian Residential School. In addition BURCH was also convicted by the Ont. Prov. Police, on several charges of attempted theft of automobiles, and the breaking and entering of one private home and one private garage, all these offences taking place in the village of Muncey, Ontario. I might point out that the 12 pairs of shoes that were stolen from Mr. J. Lockwood's car, were recovered by the writer and Prov. Cst. Fulton, within 50 yards of the car from which they were stolen, and not scattered throughout the Reserve, also that the only car window that was broken, was the no draft window on Mr. Lockwood's car.

3. No complaints of any kind of lawlessness has been received at this Detachment since the arrest and conviction of SIMON, BURCH and GROSBECK, who no doubt were responsible for most if not all of the lawlessness, referred to by Mr. Down.

4. In connection with the reference made by Mr. Down, of the theft on two occasions of Miss M. Shore's private car. I might point out that an attempt was made to steal this car on two occasions by Lloyd BURCH, but he only managed to get the car approximately 500 yards from the garage on both occasions, having backed the car out of the garage on the starter, and then making an attempt to cross the ignition wires to get it started. Two Indian homes were also entered by BURCH, however, the complainants, Mrs Bessie Fisher and Mrs Rosy Deleary, did not lay any charges, these cases however, were brought to the attention of the Magistrate, who took them into consideration when passing sentence.

Further to our letter of the 5th instant, in the above connection, attached is copy of our Muncey Detachment report dated the 3rd instant, dealing with conditions in general on the Oneida Indian Reserve.

Your particular attention is drawn to paragraph 2 thereof. It would appear that since the conviction of the Indian youths referred to therein, conditions have improved somewhat on this reserve and the situation appears to be under control.

DEPARTMENT  
OF  
MINES AND RESOURCES  
INDIAN AFFAIRS BRANCH

PLEASE QUOTE  
FILE 130-3

Muncey, Ontario,  
January 12, 1946.

You will recall that, during your visit to the Agency, you discussed with Miss Morris, the teacher at No. 1 Oneida Indian Day School, the proposition of building a garage. In this connection I have secured an estimate, from the only lumber merchants willing to promise delivery, for the necessary lumber:

|                                   |                |
|-----------------------------------|----------------|
| 28 Pcs. 2" x 4" x 7',             | Pine or Spruce |
| 12 " 2" x 4" x 7',                | " " "          |
| 14 " 2" x 4" x 14',               | " " "          |
| 3 " 2" x 4" x 10',                | " " "          |
| 56 Lineal Ft. 2" x 4",            | " " "          |
| 2 Pcs. 2" x 4" x 12',             | " " "          |
| 5 Lineal Ft. Bond Lumber, 2" x 6" |                |
| 500 B.F.M. Cove Siding            |                |
| 300 B.F.M. Roof Sheeting          |                |
| 3 Sq. Shingles                    |                |
| Door                              |                |

Estimated  
Cost of  
Material  
\$ 114.00

The estimate is submitted in detail which will permit, if necessary, submission to the Purchasing Agent. If not, and you are prepared to authorize the expenditure, I will proceed to place order for immediate delivery and submit voucher.

Address of Lumber Merchant: Fennell & Sons, NEWBURY, Ont.

In addition there will be a labour cost of approximately \$ 50.00 for which, if approved, I would request an advance cheque to be accounted for accordingly.

Ottawa, April 17, 1946.

Mr. G. W. Down, Indian Agent,  
Muncey, Ontario.

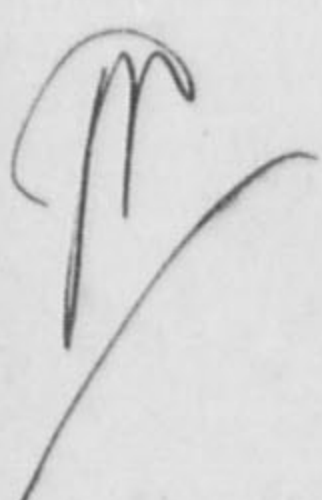

I desire to refer to your letter of January 12, last, with reference to securing material for the erection of a garage at the Oneida No. 1 School. Purchase Order No. 8113 was issued on January 28, 1946, to Fennell & Son, Newbury, Ont. for the material, at an approximate cost of \$114.00, which was the amount stated in your letter.

As yet we have not received the account. If the material has been delivered I would appreciate it if you would certify the account and forward it to me immediately, as we are holding funds for its payment. The account should, of course, be dated previous to March 31, 1946.

Philip Phelan,  
Chief, Training Division.

EX'D.

NOV 18 1946

I have your letter of November 5th, with regard to repairs at the Oneida No. 1 School, and note the Inspector's remarks. I am reminded of another Inspector who, a few years ago, after a urinal had been installed and operating successfully for several years and was still not giving trouble, reported to Ottawa that the hole was not large enough. I took two men out to look over the situation and do whatever was necessary and we were all three definitely of the opinion that it was a matter of "opinion"? It would appear that some Inspectors are more concerned with door knobs than they are with the education of children and that they have not yet awakened to the realization of material and labour short supply. However, being what I am, a civil servant which is almost a criminal offence in this Caradoc Agency, and the continual petty complaints, many of which by-pass this Office, I sometimes feel like "blowing the lid".

I am wondering if the immensity and responsibility of the work at the Caradoc Agency is realized and appreciated, especially as I am without a Farm Instructor and one clerk? However, we know of the defects mentioned and I can assure you, as is always the case, everything is being done to keep all buildings in repair; but under present short supply conditions, for which I am not responsible, it is annoying to have responsible men report such things to Ottawa. The pump he mentions was away being repaired. If the Inspector would discuss such minor trivial repairs with local officials, much annoyance, correspondence and respect for his views would be saved.

With the new school, new road, repairing the old school, heating buildings, supervising and operating the Mt. Elgin Farm lands, individual Indian farm requirements, murders, vandalism, robberies, and an ever increasing Office routine, might I suggest that the Inspector be advised that in future such matters

should be taken up with local Officials who will at all times co-operate and make necessary repairs as soon as possible.

Yours truly

Inspection Report  
Oneida No. 1  
Indian Day School

This is a comparatively new frame school (Teacher's Residence attached), with full basement and hot air furnace, built in 1938.

Since completion there has been nothing done in the way of interior or exterior re-decorating. You may therefore expect that it begins to look shabby; in other words it is past due for complete re-decorating.

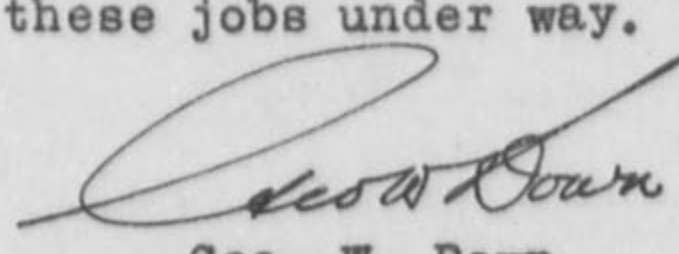

I also examined the floor closely which appears to be softwood, and is wearing badly. The only thing to save it would be a covering of battleship lineoleum or some other such material. The area, by measurement, including the two annexes, is approximately 850 square feet. These, of course, are major jobs and will have to be considered in the very near future.

The minor repairs, which I am endeavouring to have completed before school reopens, are as follows-

Necessary replacement of window glass  
Rehanging of door in basement  
Repair of outside approach handrails  
Repair of outside steps  
Repair of doors on toilets  
New, complete, lock set on classroom door  
One gallon paint for new woodwork

and I trust my action meets with your approval.

With regard to major repairs please do not ask for estimates. At present I cannot find any person interested enough to drive into Muncey to even look at a job. I can only suggest that whatever you approve that I be given authority to proceed, and I will do my best to get these jobs under way.

Muncey, Ontario,  
July 28, 1947.

Two or three years ago Mr. Doucet, in my company, inspected all Day Schools of the Caradoc Agency and he will perhaps recall conditions and some of the comments and suggestions at that time. Since then we have passed through a difficult period and I realize that our buildings, owing to many circumstances particularly shortages of materials, shortages of labour and insufficient funds— all of which were beyond our control, did not improve with the years. Even when small allotments were provided it was difficult to proceed beyond the hopeful stage. It was with this thought in mind that I recently visited all schools and made thorough inspections as to major, and immediate minor repairs. I also feel that I should make a statement as to River Settlement School, and Back Settlement School.

Individual reports are attached, hereto. In submitting them it must be kept in mind that I cannot promise anything in the way of any repairs. Labour shortage and material shortages are still factors to be considered but I will do my best if given authority to proceed.

With reference to your letter of the  
28th ultimo, regarding Oneida No. 1 School, we  
approve your making arrangements for the minor  
repairs required.

We also approve any other repairs  
that you consider necessary at this building,  
keeping in mind our purchase regulations.

Oneida No. 1

I wish to refer to the last paragraph of your letter of August 5th. Does this mean that estimates must be received and forwarded for consideration? If so, I regret that I cannot proceed under the regulations. As I pointed out in my correspondence it is difficult to get any person or firm interested enough to drive in to Muncey to give estimates. In fact I am invariably met with a flat refusal and the statement "we do not have to drive 25 miles these days to give estimates and we do not have to drive 25 miles to do our work" - rather a nasty statement but conditions to-day are such that tradesmen are not looking for jobs.

I can only suggest that I be given authority to purchase materials, if possible, when and where available and hire help, if possible, to do the work where and when available; otherwise all such jobs which may be termed major must be abandoned until Departmental regulations can be complied with. Even with such authority I cannot promise the work will be done. The pressure on the labour situation is terrific. The same conditions would apply to Oneida No. 2 School.

Yours truly,

The building needs painting inside as it is pretty dirty, there is about 2,000 sq. ft. to be painted white and about 400 sq. feet to be painted a light tan, I am suggesting the latter in place of the prevalent green on the lower walls.

*old*  
*old*

The cistern in the girls washroom needs to be cleaned out as the run off from the tap is a mere trickle.

The cellar windows need to be checked and tightened up as they allow the water to enter during a storm.

*old*

A heavy wire screen should be placed over the windows at the south side of the school so that there will be less danger of being broken by the pupils playing ball.

*no action now*

Apparently some mention has been made of getting hydro into this school, as the line is close I would recommend that this be proceeded with, it will be necessary to have an entrance cut in to the attic to facilitate the installation.

The Superintendent, Indian Agency,  
Muncey, Ontario.

With reference to that section of your letter of June 28th which refers to the Oneida #1 School, we are prepared to supply the paint that will be needed on receipt of a requisition from you. The work could be done by the caretaker, Mr. Birch, who has just been promoted to the position of Caretaker Grade IV.

We approve your making arrangements for the following minor repairs:

- (1) Cleaning the cistern in the girls' washroom.
- (2) Check and tighten the cellar windows.
- (3) Place heavy wire screening over the windows on the south side of the school to prevent them being broken.

At the present time we are not prepared to take any action with reference to installing hydro in this school.

  
Bernard F. Neary  
Superintendent of Education.

Sir:

I herewith beg leave to enclose letter received from the Rev. Canon Prewer, relative to the building of small school buildings on the Metagami & Eleas Reserves for the Indians.

On my annuity trip I went into this matter fully with these Bands and they are very anxious that something should be done along the lines suggested that their children might be educated and I wish to recommend that the Department give these requests serious consideration.

These bands have become fairly well established and the move towards a school would encourage them to remain on the reserves instead of scattering all over the North country as they have been in the habit of doing the past number of years and getting broken up in several small little groups with a self-appointed leader, and which is very bad practice both morally and otherwise for the different bands, and were a small school erected for them and a suitable teacher to teach the children it would be an incentive for them to remain on the reserve and allow the men to go out and trap and hunt, which is the only manner of making a living these Indians in this Agency seem to know.

Waiting your instructions I beg to remain,

Your obedient servant,

(Sgd.) T. J. Godfrey.

Special Missionary, Western Moosonee Mission,  
Sudbury, Ont., August 2nd, 1934.

Orig. on 65-3-1.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

The Indians on the Matagamah Reserve, situated 17 miles north of the village of Gogama, on the C. N. Railway, ask for a building to be erected to serve as a school-house, with a room attached for the accommodation of a teacher, as expeditiously as possible.

They point out the fact that they have quite willingly conformed to the Department's regulation and have moved back on to their reserve, not without a good deal of labour and sacrifice, and that in the very near future there will be something like 20 families settled there, where most of them have already constructed tidy little log houses and cleared and planted their gardens.

There are 25 children of school age resident on the reserve, and by next spring this number will be augmented by 10 more. They agree to do a great deal of the work themselves, voluntarily, and propose that a log building be erected, but lumber for flooring and other purposes will be required, together with windows and doors, and the whole cost may mount up to about \$750.00.

They would like the sanction of the Department to this proposition at once and for work to commence before the weather becomes too cold and the season becomes too far advanced, so that the building is completed before they have to leave for their trap-lines. Most of the families, with children, will reside on the reserve all winter, while the men attend to their trapping.

Memorandum:

MR. O R R,-

METTAGAMI: -

To assist in the erection of school building with rooms attached for living accommodation of teacher -

\$750.00

There are 25 children of school age. In the erection of a building, the Indians have agreed to do a great deal of the work, themselves, voluntarily, and they propose that a log building be erected, but lumber for flooring, windows, doors and certain other material will have to be supplied. This school is in the Chapleau Agency, and Mr. Agent Godfrey would, no doubt, be able to arrange for a suitable site. He would also arrange with the Indians to do the greater part of the labour. It might be necessary to use the services of a White foreman.

The Anglican Missionary for the district reports that the Indians, themselves, state a log building for school purposes would be satisfactory and that, as they will do a great part of the labour, voluntarily, the amount above stated would be sufficient to carry out the work.

This reserve is situated 17 miles north of the village of Gogama, on the C. N. R.

Funds for the purpose, to the above amount, are included in the Estimates for the fiscal year 1935-36.

Dear Sir,-

The Indians of the Matagamah Reserve on the C. N. R. Railway are asking for the erection of a building to serve as a school house with room attached for accommodation for a teacher.

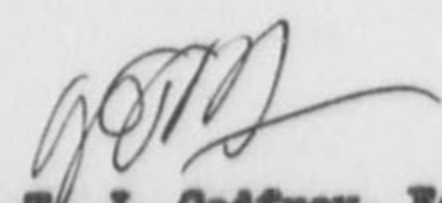

I understand that there are 25 children of school age on this reserve. It has been suggested that the building be built of logs and that the Indians would perform the necessary labour.

I would ask you to kindly furnish the department with your views on the establishment of this school, and the best procedure to be followed in case same is erected.

Yours very truly,

A. F. MacKenzie.  
Secretary.

Chapleau July 18th, 1935.

Sir,

Replying to Official letter of June 10th, #85-3-5.  
relative to the building of school houses for the  
Indians on the Metagami, and Elsas Reserves, I beg  
leave to report as follows on the matter.

On these reserves there would be children of school  
age to the number of 20 with many more coming along  
of younger age which possible in the course of another  
year there would be at least 25 children on each of the  
reserves of school age.

While on my trip paying treaty I examined the  
proposed location for the buildings and have decided on  
what I considered proper locations with plenty of space  
for play grounds.

The Indians have agreed to do all the unskilled  
labour and it would be necessary to have a skilled  
workman to do the necessary work to be done by a good  
carpenter, there is also the matter of certain regulations  
laid down by the Educational Department and which will  
have to be complied with, this necessarily will increase  
the cost, there is also the teachers quarters which  
have to be taken care of as there is no suitable place  
for the teacher to live as it would be impossible for  
to secure a teacher who could live at one of the Indian  
homes but going into the matter carefully I believe the  
buildings could be erected complying with the regulations  
of the educational department including the teachers  
quarters for a sum not exceeding ~~xxxxx~~ \$1400.00 this  
amount would include the painting, and stove for to  
take care of the heating.

The Indians are very anxious to have the work go  
ahead in fact so anxious are they that they are now  
at work clearing and stumping the grounds, and I would  
strongly recommend that this work be proceeded with at  
once while the nice weather is on so that no loss of  
The Secretary, time may be experienced, and as both these schools are  
Department of some distance from the railway all material has to be  
Indian Affairs taken in by water routes which makes it necessary to get  
Ottawa, Ont. the material on the ground in good weather.

Waiting your instructions on the matter I remain.

A.F. MacKenzie, Esq.  
Secretary, Dept. of Indian Affairs,  
Ottawa, Ont.

SUDBURY, ONT. July 31st, 1935.

Dear Sir:-

When Mr Indian Agent Godfrey made the Treaty payments this year, on the 24th of June, at Elsas and at Matagamah, he advised both Bands that your Department had finally acceded to their requests for the erection of day schools on their reserves.

The Indians were greatly pleased with the Department's decision, and agreed to start at once to clear the sites and get out the heavy foundation timbers, sleepers and cedar posts, and received permits from the Forestry branch for the burning of all brush &c. The Don Clarke Lumber Company, at Elsas loaned the people a horse to pull the stumps and the logs, and the Poupore Lumber Co., of Gogama offered a team for the Matagamah people's use.

Owing to the fact that Mr Godfrey is so far removed from the source from which material for building would have to be secured, he asked me to try and get an estimate of the amount of material required and the approximate cost.

Keeping in view the requirements as laid down by the Provincial Education Act, as to light and floor space for schools to accommodate an enrollment of from 25 to 30 pupils I was forced to the conclusion that a building 20x30 would be required, with an entrance to serve as a cloak room, and an annex at the rear 20x12 to serve as quarters for a teacher would be necessary.

I find after getting in estimates of costs of material, and by employing one capable man as carpenter, that such a building could possibly be erected for somewhere about \$1400.00. It would mean however that some of the work would have to be done free of cost by the Indians themselves. The cost of freighting in the material, especially to Matagamah, a distance of 17 miles will come somewhat high. I have already got an estimate of this cost, and I believe it will take fully two weeks before all material can be assembled, which will find the Summer quite far advanced. I had hoped the buildings would be in readiness for use by Sept 15th.

I have been in communication with Mr Godfrey regarding this matter and he advised me that he had no further word as to what the Dept. was prepared to do. And he thought it advisable for me to take up the matter with you.

I have a plan drawn of the building it is proposed to erect which I am enclosing, but I have not gone into detailed specifications.

The height of the walls would be 8'ft. It would be of frame, sheathed inside and out with shiplap covered over with asphalt paper, finished outside with drop siding and inside, with wainscoting up to windows and the upper part with joint lumber. The roof would be sheathed with shiplap and covered with a No 1 Roofing material. Chimney would be of brick.

I am most anxious to see these buildings erected, as I expect to have to go West, as far as Calgary in September and would like to know that they are an assured fact before I leave. This is my excuse for taking up the matter with you. I believe if your Department is agreeable, that I can guarantee a very strongly constructed and serviceable building for the price mentioned, and shall await with expectation upon your decision.

Faithfully yours,

Canon Prewer.

Sir:

In further reference to previous correspondence, regarding the erection of a building to serve as a school, with room attached for teacher's accommodation, on the Metagami Reserve, I have to inform you that, as it is now late in the season to carry out this work, the erection of the building will have to stand over until next spring.

In a recent communication from Reverend Canon Prewer, he states that the building required could, possibly, be erected for about \$1,400. This would mean, however, that part of the work would have to be done, free of cost, by the Indians, themselves.

Consideration will be given to providing the funds required - approximately \$1,500 - in the Estimates for the coming fiscal year.

SUDBURY, ONT. March 18th, 1936

104 DRINKWATER ST.

Dear Sir:-

The Indians on the Matagamah Reserve, and those belonging to the Brunswick House Band, resident on the little Reserve at Elsas, both ask for information regarding the erection of buildings to serve as Day Schools for their children.

They claim that these schools and teachers were promised them when they were asked to move on to their Reserves, and that they had left centres, where their children were attending the Public Schools, and, now, as a result of their action, and the Department's neglect to provide the education facilities promised, their children are being deprived of the opportunity of attending school.

They fully expected these schools would have been provided last year and would like assurances that the grants for both the buildings and the salaries for the teachers will be provided in the 1936 estimates.

We figure that the cost of each building, which would allow for a teacher's residence would be \$1,500.00. I believe that I could guarantee very suitable buildings for these amounts and would undertake to see them erected.

Faithfully yours.

Reverend Sir:

I have your letter of the 18th instant, requesting information regarding the erection of day school buildings on the Metagami reserve and on the reserve at Elsas.

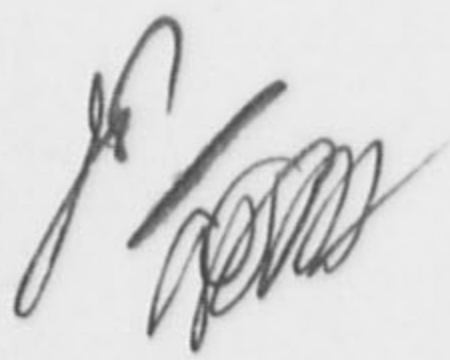

In reply I have to say that, at the present time, the Department is not aware if funds will be provided by Parliament to cover the cost of erecting buildings for school purposes on the above named reserves during the coming summer. In any event, it is unlikely that the work will be proceeded with at Elsas.

You might again refer this matter to the attention of the Department about the middle of May, next, at which time we will, no doubt, be aware if funds to erect the school building at Metagami are provided.

Yours truly,

A. F. MacKenzie,

I beg leave to refer to Official letter No. 65-3-5 of October 29th, 1935 relative to the erection of a building on the Metagami Reserve to be used as a school.

As I will be visiting this Reserve on the 25th June to pay annuity no doubt the Indians will wish to know whether they may expect the erection of the building this summer, and the same would apply to the Kapuskasing reserve building which was taken up along with Metagami.

I would appreciate having your decision on the matter that I may advise the Indians when on my annuity visit.

Dear Sir,-

The Department is in receipt of your letter of the 2nd instant, with reference to the proposal to erect a school on the Metagami Reserve.

It may be possible to provide the sum of \$1,500 for this purpose this year.

When you visit the Metagami Reserve, you should decide on a site for the school and you should then advise the Department regarding the approximate cost of the material required and whether or not you can engage Indians to do the necessary work. In forwarding this estimate, it should be kept in mind that the Department will be unable to consider the building of a school on this reserve unless the cost of both material and labour will not exceed \$1,500.

No funds are available this year for the erection of a school at Kapuskasing.

*[Handwritten: York]*  
During my recent visit to the Mattagami Reserve in company with Indian Agent Godfrey and Canon Prewer we visited the site of the Day School on that reserve.

The Indians have cleared the ground and have finished the foundation by sinking heavy cedar posts and placing the main sills in position.

Canon Prewer informs me that he will send in an estimate of the cost of the building in a few days and I would recommend that construction be commenced as soon as possible. The Canon is quite prepared to supervise the purchase of the necessary material and he is of the opinion that the Indians can do all the necessary work with the assistance of one white carpenter.

There are 32 children of school age on the reserve and the Indians are very anxious to see the school completed.

There is a saw-mill at Togo, about 6 miles from the reserve where the rough lumber etc. can be purchased at a cheap rate. The Department estimate of \$1500 for the cost may be sufficient, but if not the cost should not exceed \$1700

Dear Sir:-

With reference to the erection of a Day School, on the Indian Reserve at Matagamah, which place we visited yesterday in company with Mr Bury of the Lands' Branch of the Department of Indian Affairs.

I prepared, and forwarded, a suggested plan, with rough specifications, to the Department about a year ago. I had secured costs of material, labour, transportation &c, and figured that this style of building could be put up at a cost of about \$1,500.00. But I rather think that we could not build for that figure at the present time as cost of material has gone up, and stocks of dressed lumber which were then lying, and easy of access, in the Lumber Company's yard, at Gogama have all been sold out.

I believe, however, that a building, to conform to the Department's requirements can be erected at a cost not to exceed \$1,750.00. This would include painting and the proposed quarters for the teacher as shown on my plan.

If the Department is satisfied to authorize the erection of such a building, I shall be prepared to see to its erection, employing only one skilled carpenter, and giving the Indian men the other work. I will contract to build the school or see that it is put up by day labour, plus the regular 15% for my services, to cover travel &c. I would like to have the plans back.

65-3-5

Sir,

I beg leave to acknowledge Official letter No. 65-3-5 of June 4th, and upon visiting the Metagami Reserve last week in company with Mr. Bury, of the Department, and looked over the site for the school which is quite satisfactory, but in going into the cost of the erection of the building of which the main part of the labor would be done by the Indians but it would be necessary to hire a Carpenter to take charge and direct the work as there is no man among the Indians who is capable of doing the work or taking charge of the work.

When the estimate was given last year it was made up from cost of material at Gogama, and now that this Mill has been burned down and the lumber Company moved away material is much more expensive and the building could not be built for the sum of \$1,500.

Since returning home I have received a letter from Rev. Cannon Prewer, relative to this building, and I am enclosing it for your perusal, possibly the building could be erected for \$1750.00 but I consider Cannon Prewers 15% rather costly for his supervision as he visits Gogama weekly and it is only 20 miles to the reserve, and he would not have to visit the Reserve more than at the most three times, the only other work he would have to attend too would be the ordering of the material from Sudbury, and it would appear that his asking 15% is rather out of the way, and if the Department cannot expend more than as stated it will be out of the question to erect it for 1,500.

Waiting your instruction I remain:

Dear Sir,

I and the Metagami Indians would be interested to learn just what the Department of Indian Affairs intends in regard to the erection of an Indian School on the Metagami Reserve.

Some years ago, when the Indians were instructed to remove themselves from Gogama and to take up residence at Fort Metagami, the Department promised that a school would be constructed on the reserve.

The Indians accepted this arrangement and left Gogama. They prepared the site for the school and constructed a foundation. So far nothing has been done about the school and, in the meantime, quite a number of children are growing up without the benefit of a schooling.

We would ask you to obtain a definite reply or promise from the Department as soon as conveniently possible. The Indians have kept their part of the bargain and it is up to the Department to keep its part.

Yours very truly,

Dear Sir,

With reference to official letter No. 65-3-5 of June 4th, 1936, and the building of a school for the Indians on the Metagamie reserve Chapleau Agency I beg leave to enclose letter received from the Chief Jas. Ward of this band asking that something be done regarding a school for the children on the reserve.

As I will be making my annuity trip to this reserve in June I would like to be in a position to advise the Indians what they may expect in the way of a school being erected for them.

I would like to mention that these Indians have settled on the reserve and are very contented except that the lack of a school for the children is causing them some worry.

In your letter last year it was pointed out that the sum of I,500. might be available, but as this had to cover the cost of quarters for the teacher as well it was hardly sufficient to meet the cost of the building necessary to take care of the needs and the matter was left to stand, and if you will advise me whether the Department will consider the erection of the school this year or not I would be grateful to know that I might explain to them while on my trip to them in June.

There is also the matter of the school for the Indians on the Kapuskasing reserve for the Brunswick Indians they are also asking for the erection of a school.

Waiting what information you can give me I beg to remain;

Dear Sir,-

The Department is in receipt of your letter of the 8th instant, with reference to the erection of a school on the Metagamí Reserve.

It is not found possible to provide any funds for the erection of this building during the coming summer.

In the letter from Chief James Ward, he states that the Indians have prepared a site for the school and constructed a foundation. When you visit the reserve, you should ascertain the size of the foundation and its condition and you should, also, obtain definite information regarding the probable cost of erecting a school. You should, also, ascertain the number of children of school age and where a teacher could reside in the event of a school being built.

On your return, you should write to the Department and an endeavour will be made to secure the necessary funds in the appropriation for the fiscal year 1938-39.

Dear Sir:-

The Department is considering placing in the appropriation for the fiscal year 1938-39 the amount that might be required to erect a day school on the Metagami Reserve.

In connection with the proposed school on this Reserve, Mr. H.J. Bury wrote as follows in July, 1936:- "The Indians have cleared the ground and have finished the foundation by sinking heavy cedar posts and placing the main sills in position". Please let me know the size of this foundation and its condition. If you consider the foundation mentioned by Mr. Bury is not suitable, would you recommend a basement.

Our file also indicates that there will be approximately 30 children of school age. You should state if this number is correct.

Do you consider it necessary to provide living quarters for the teacher and, if so, would the present foundation be sufficiently large to permit the erection of a building containing living quarters?

Do you consider the building should be erected by contract or by day labour under a competent firm? If you prefer the latter method, please let me know if there are Indians who could be employed.

I presume that wood will be used as fuel

Sir,-

I beg leave to acknowledge receipt of Official letter #65-3-5 of November 4th, relative to the supposed school on the Metagami Reserve.

The foundation mentioned is hardly suitable for the placing of a suitable building for a school as it is only four logs hewn and placed upon a few Cedar posts not number enough to hold the building, the size being 20'X 40' with some clearing around the site but not sufficient for protection, the building could either face West or South whichever most desirable, and I would recommend a Cement basement if a wood furnace is used for heating if Stove to be used for heating a Cement wall would be best.

There should be living quarters provided for the teacher as there is no accommodation whatever as the school is 20 miles from the settlement of Gogama and by water, would recommend separate quarters for the teacher small building or room built to back of main school building.

Would recommend the building being erected by contract, and there are some Indians who could assist in the work but are not mechanics but very handy workmen.

I would recommend ~~that~~ that there be a basement sufficiently large for a wood furnace with heater pipe to teachers quarters, with only surface foundation for main part of building with basement only sufficiently large enough to accommodate the furnace with some further space for wood.

There are about 30 children at present time of school age, this might increase once the school was erected as there are families living off the reserve who would return once the school was established.

Dear Sir:-

I am in receipt of your letter of November 13th replying to my letter of November 4th in connection with the proposed erection of an Indian day school on the Metagamí Reserve.

From previous reports the Department understood that the Indians were quite willing to co-operate with us in securing this new school. The information contained in the second paragraph of your letter indicates that a much larger site should be cleared. Would it not be possible to have the Indians do this work without cost to the Department during the coming winter, in order that there may be a sufficiently large site available next Spring for the erection of the new school.

MEMORANDUM:

Mr. Wardle

Provision is being made in our appropriation for the year 1938-39 for an amount of \$5,000. for the erection of the combined school and teacher's residence on the Metagami Reserve. I would appreciate your forwarding a sketch plan of the building that you consider suitable, in order that we may submit it to our Indian Agent, who is in charge of the Metagami Reserve.

In preparing the plan, please note the following:

- First: That the school be erected on the Metagami Reserve, which is 20 miles from Gogama, Ontario. Materials would have to be hauled from Gogama by water.
- Second: The Department desires a building with: (a) basement, (b) classroom to accommodate between 30 to 40 pupils, (c) living accommodation for teacher. Two outside toilets should also be erected for use of the pupils.
- Third: A wood furnace should be supplied.
- Fourth: A site has been cleared and the building could face either west or south.
- Fifth: Our agent suggests that it would be preferable to erect this building by contract. He states that there are Indians who could be employed. These Indians are not mechanics, but very handy workmen.

Sir,

I beg leave to acknowledge receipt of Official letter #65-3-5 of November 17th, relative to the school site on the Metagami Reserve, and wish to report that there are about two acres cleared already but that a larger area should be cleared and the Indians have advised me that they will clear the ground whatever is necessary to make the protection good for the building and without any cost to the Department.

*Please extract on 30065-3*  
[ The men able to work now are mostly all employed with the Timber Company who are operating on the Reserve, and they have also asked me to have scaler sent to scale the logs being cut and skidded on the Reserve.

Re: Proposed School and Teachers'  
Residence, Metagami Indian  
Reserve, Ontario.

I am forwarding herewith preliminary sketch plans of school designs marked A.1 and A.2 prepared by our Engineering and Construction Service, together with a building data form in duplicate, in which the requirements enumerated in your memorandum have been filled in.

It is desired to have the building data form completed by the Indian Agent, giving all information which might be useful to our engineers in procuring tenders for the erection of the building by contract.

The following points of variation between the alternative plans submitted, should be noted:

Type A.1. Basement: Two storage or wash rooms.  
First floor; separate entrances for girls and boys with outside steps, teachers' living room and kitchen.  
Second Floor; teachers' bedroom.

The estimated cost of Type A.1 building is: for 30 pupils \$6400.00; for 40 pupils about \$7000.00.

Type A.2. Basement: One storage or wash room.  
First Floor: single grade entrance for girls and boys with inside stairs to coat and classroom floor level.  
Second Floor: Teachers' quarters consisting of living-

bedroom and kitchen.

The estimated cost of a building of Type A.2 is, for  
pupils \$5800.00; for 40 pupils \$6400.00.

I shall be glad to be advised as to  
which design of school is decided upon.

In regard to the amount which should  
be placed in the Estimates for the erection of this School,  
the figures given are considered to be sufficient for the  
building alone erected under normal conditions. An  
additional amount should be allowed for outside toilets,  
water supply and any other work apart from the building  
proper that may be required.

Re: School and teacher's  
residence, Metagami Reserve.

I desire to refer you to Doctor McGill's memorandum and previous correspondence with reference to the proposed erection of a school and teacher's residence on the above Reserve. In order that there would be sufficient funds available for the erection of other day schools this year it was decided some time ago to defer action on this school until it could be decided whether or not funds would be available for its construction from the \$56,000.00 transferred to your Branch some months ago to cover the cost of the erection of new day schools.

No doubt you are now aware of the amount that will be required for the other schools and I would, therefore, appreciate your advising if you consider that there will be sufficient money available to erect the Metagami School.

MEMORANDUM:

Mr. Wardle.

Re: Day School & Teacher's Residence,  
Metagami Indian Reserve, Ontario

Encl.

With reference to your memorandum of the 9th instant forwarding a memorandum from the Acting Director of the Indian Affairs Branch inquiring whether funds will be available for the erection of the above school out of the \$56,000.00 provided under Indian Affairs Vote 168, 1938-39 Estimates, I am forwarding herewith a statement showing the approximate expenditures proposed under this vote.

You will note that provided the costs of the projects do not exceed the estimates as shown there will be an amount of approximately \$1,500.00 which would be available for use in the erection of the Metagami School.

It is estimated that if the Metagami school is to be erected this fiscal year, an additional sum of approximately \$5,500.00 will be required to be provided.

If, on completion of these schools, additional funds are found to be available, a revised statement will be forwarded to you. It should be noted in regard to the costs of the schools under contract, that in some cases the amount allocated to the project by Order-in-Council may exceed the actual cost. In such cases it would be necessary to make arrangements for the release of the unexpended funds.

Respectfully submitted,

With reference to your memorandum of the 5th instant, I am forwarding herewith a copy of a memorandum from the Chief Engineer accompanied by a statement of estimated cost of schools for Indian Affairs.

It will be noted that so far as can be estimated at this date there will be \$1,500 available for the Metagami school. There are instances where the sum allotted may exceed the actual cost, in which case it will be necessary to arrange for the use of the balance for this school.

Dear Sir:

In preparing our appropriation for the fiscal year 1939-40 provision was made for the erection of a school on the Metagami Reserve and it is hoped to be able to complete it during the coming summer.

I enclose building data form and you will note that there is certain information on this form which was obtained from letters received from you within the past two years. You might review the form again and if there is any additional information which you can supply it should be placed on the form.

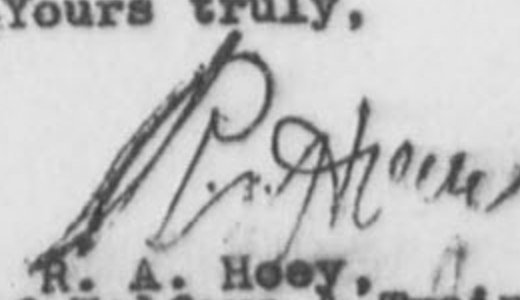

I presume the site is the same as the one previously chosen. You will remember that the plan of the Metagami Reserve was forwarded to you on April 25 last and you returned it on April 30 with the site marked.

It is also understood from your letter of November 20, 1937, that the Indians have cleared a sufficient area for the school and that this site is ready for the erection of the building. If not it is hoped that the Indians will clear it before the end of May.

We do not appear to have definite information regarding the number of children for whom accommodation should be provided in the class room. You will note that the enclosed form says 30 to 40. Do you consider that this would be sufficient?

Mr. Wardle.

Re - Day School, Metagami Indian Reserve, Ontario.

Encl.

With reference to your memorandum of the 7th instant, I am forwarding herewith a sketch plan showing the type of school recommended for the above. This school is similar to those erected at the Oneida and Manitoulin Island Reserves during the past years and will provide the accommodation requested. It is noted, from the information submitted on the building data sheet, that no provision is to be made in the plans and specifications for a water supply or lighting facilities. The cost of this school is estimated at about \$6,500.00, which amount, it is understood, will be made available under the 1939-40 estimates.

If a building of the type shown on the attached drawings is satisfactory to the Indian Affairs Branch, one copy, duly signed and approved, should be returned to this office for our records. Upon approval, arrangements will be made to have this work undertaken as soon as possible in order that the school may be completed by September 1st next.

In connection with the site of this school, I would be pleased if the Indian Affairs Branch will forward a sketch plan of the site, showing its relationship to the locality and also indicating the nature of the soil, drainage requirements and facilities or any other conditions which might affect the design of the basement and footings.

Respectfully submitted,

Re: Day School, Metagami  
Indian Reserve.

I am forwarding herewith a copy of a memorandum from the Chief Engineer together with sketch plan showing the type of school recommended for the Metagami Reserve.

Mr. Mills calls attention to the fact that on the building data sheet no provision was made for water supply or lighting facilities. The estimated cost of the school is \$6,500. If the attached drawings are satisfactory will you be good enough to initial one copy and return to this office.

Will you please note also that the Engineers request a sketch plan of the site indicating the nature of the soil, drainage requirements, etc.

Department of Mines and Resources,  
Indian Affairs Branch,  
OTTAWA, CANADA.

Dear Sirs:-

For the past several months, our Board of Trade has investigated the need of a school for the Indian children on the Mattagami Indian Reserve and we find, that there are at least thirty children of school age residing on this Reserve who never had on day schooling.

It is very unfair to these children, that they should be raised illiterates and without moral training through no fault of their own.

*Mountain  
Hwy  
aunt*

A school on this Reserve could be built at a very low cost by utilizing hewn timber for the construction which is available close to the site where such school would be built and as far as labour is concerned we are sure, that the Indians would be prepared to supply this without cost to the Department.

Until four or five years ago, some of these Indian families were living in Gogama, where their children were privileged to attend our schools here, but since they have been compelled to reside on the Reserve, they are deprived of this advantage.

We hope that your Department will give this matter its serious consideration.

Very truly yours.

Gogama Board of Trade.

Dear Sir:

I enclose for your information a copy of a letter dated the 15th instant from the Board of Trade of Gogama & District.

I desire to direct your special attention to paragraph 3 of this letter. Do you consider that the Board of Trade is recommending the erection of a log building and are you of the opinion that the Indians would give their services free of charge for the erection of a school on this Reserve?

This information has not previously been supplied to us from your office and in view of the rather definite statement made by the President of the Gogama Board of Trade the Department wishes to receive from you a complete report outlining your views on the matter.

Chapleau February 27th, 1939.

Dear Sir,-

I beg leave to acknowledge receipt of Official letter No.65-3.I of February 21st, relative to the building of a school for the Metagami Indians on the Metagami reserve.

I have read carefully the letter attached from the President of the Board of Trade a young business man who no doubt sees the necessity for a school for these Indian children, and this situation has for a number of years been brought to the attention of the Department and they have acknowledged the necessity of a school and have considerable data on the matter and had I felt decided to go ahead with the matter this summer and the Indians were quite glad to know that they might expect some action in the matter, and if Mr. Mathe, has changed this and led the Department to feel that the Indians could do as he says he is to my personal knowledge entirely mistaken so far as he says in paragraph 3 that a school could be built on the Reserve at a very low cost using Indians and are sure the Indians would supply labour free of cost, and my reply to this is that a make shift building such as the Indians could erect would not be suitable, and I do not believe the Indians would work without wages as they have to keep their families, in addition to this these Indians are not good axe men and I am afraid after the timber were hewn even with good axe men the building would cost more than if a proper building were erected and one which would meet with the approval of the Department.

I can understand the Board of Trade wanting to do something so that these thirty or forty children can secure an education, but a building such as they would be able to build would hardly meet the situation unless men who thoroughly understood the work were brought in to do the work, and one look at the cabins that they have erected on the Reserve for their own homes where there is plenty of good timber would convince any person that these men would only make a mess of the building and while I am wishing to see a building erected for these people I believe a building of plain structure should be erected so that it might suit the situation as well as being an example of neatness and not to costly and one that would pass ordinary educational regulations.

The Secretary,  
Indian Affairs Branch,  
Ottawa, Ont.

There is a Saw Mill just a few miles from the Reserve where all the rough lumber could be secured at a reasonable cost, but all finished lumber would have to be shipped in, and I would recommend that the matter of building a squared timber building not be taken seriously as these Indians as I have mentioned are not axe-men and the job if done by them would not be much of a success.

Your obedient servant, *J. Cooper*

Re: Day School, Metagami

With reference to your memorandum of February 15 I enclose copy of the drawing submitted. This type of school should be satisfactory for the Metagami Reserve.

It is not necessary to make any special provision for either water supply or lighting facilities. Water can be obtained from the Metagami Reserve and the teacher's quarters will be lighted by Coleman lamp.

With reference to the last paragraph of your memorandum I would point out that a blue print showing the site of the proposed new school on the Metagami Reserve was forwarded to you with my memorandum of May 3, 1938.

Dear Sir,-

I wish to acknowledge receipt of Official letter No. 65-3-5 of March 9th, relative to the school site for the school on the Metagami reserve.

It is almost impossible to get a sketch of the the lot where the proposed school is to be erected as there is no way of getting to the reserve short of a five day trip other than by plane, but I have asked the Chief of the Band to forward to me a sketch of the Lot.

The Lot is on the Shore of the Metagami River back about 200 yds. from the river on a rise of ground which has been cleared by the Indians, the soil is of a sandy nature and with plenty of drainage and the building could face the River which is South East of the Lot the wooded portion being to the North & West.

There is quite a large clearing between the school site and the wooded portion, but on my trip to the reserve last month I requested the Indians to clear more land for the protection of the buildings as well as the school when it is erected and this they agreed to do as soon as the snow went away in the spring.

There is a gradual slope to the river from the proposed site and plenty of room for a play ground for the pupils to the North of the site.

Dear Sir,-

I beg leave to report that I visited the Metagami Indian reserve in company with the Engineer Mr. McKnight of the Department, and we choose a site for the new school, but Mr. McKnight and myself both felt that there is not sufficient clearing done around the site for proper protection.

I talked the matter of clearing more land for proper protection for the school and the Indians do not wish to do this work unless they are paid as they would have to give up other work that might be procurable to do this clearing.

If \$150.00 were appropriated for this clearing Mr. McKnight thought it could be done for that amount and on his trips of inspection he would see that it was done, and the Indians have agreed to do the necessary work for that amount.

## Memorandum:

Mr. Wardle.Re - Indian Day School, Metagami  
Reserve, Ontario.

In connection with the erection of the above school, we are in receipt of a report from Engineer McKnight, dated the 25th instant, from which the following excerpt is quoted:

"There is however an extreme fire hazard in the nearby bush and underbrush and deadfall. The Indian Agent stated that he had arranged for this clearing work to be done by the Indians last winter and nothing was done. I would suggest that at least \$150.00 be spent in clearing and underbrushing adjacent to the site. This is outside the necessary clearing to be done by the contractor but he should not be asked to clear the whole school yard area. Indian Agent Godfrey is going to try and obtain at least a similar amount for additional clearing. Even this will not be any too much."

From the above, it appears that Engineer McKnight suggests that One Hundred and Fifty Dollars (\$150.00) be authorized as an extra work order expenditure. This is not considered advisable.

It is recommended that the Indian Affairs Branch be advised of the necessity of providing funds for site clearing to the amount of Three Hundred Dollars (\$300.00) and that the Indian Agent be instructed to execute the work.

I should be pleased to be advised on this matter as soon as possible.

The Secretary

Dear Sir;

I beg leave to report on the condition of  
The Metagami Reserve Day School after the forest fire  
that passed through there.

When in paying Annuity money I had the  
chance to thoroughly examine the school, and it is  
simply due to the good work of the Indians that it  
is standing at all, the fire went all around it, and  
by carrying pails of water from the well the Indians  
kept the building from any other damage than that cau-  
sed by smoke and heat.

It had been well cleaned up by some of the  
Indian woman and I am enclosing some small accounts in  
their favour.

✓ The paint all round the building had been  
badly scorched, is all curled off and will have to be  
scraped off and repainted, I might say here, that al-  
though from the specifications I have in the office,  
that the building should have had three coats of paint  
when built, I would say from my own experience that it  
is doubtful if it had two, there is no sign of any  
priming coat, even some places that the fire did not  
affect so much is also peeling off, and it looks as  
though a coat of gloss paint was all that it got, how-  
ever, it will now take about five gallons of flat white  
and five gallons of gloss white to give it sufficient  
protection from the weather.

I have enquired here and find that I can  
get a good grade of paint delivered to Gogama at the  
price of \$3.90 per gallon, brushes also will be needed  
if the Indians are to do the work, of which I think

Indian Affairs. School Files.

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

they are quite capable, and I would suggest the purchase of four brushes, 4" wide at a cost of \$1.95 each.

If I had your authority to purchase these items, also to hire Indians to do the work, I think I can arrange to get it done satisfactorily, I intend visiting this reserve again about the end of the month, and could make any necessary arrangements then.

Please let me know what you desire to have done here, as it certainly should have some protection while the weather is warm.

Your obedient servant

Dear Sir:

I have your letter of the 7th instant, with reference to the Metagami Indian Day School. You may purchase, locally, 10 gallons of paint and a few paint brushes.

Indians may be employed to do the necessary work, and the cost should be kept to a minimum.

Yours truly,

Philip Phelan,  
Chief, Training Division.

I have ordered the paint to be shipped direct, prepaid to Gogama, also I included one gallon of Turpentine, which will be needed for the first coat.

It is my intention of visiting this reserve at the end of the month, and I will then make the necessary arrangements to have the work done.

The Secretary

Dear Sir;

During the last fiscal year, authority was given to have the Mattagami Reserve Day School painted, the paint was procured and paid for, but due to most of the Indians being away at that time, it was not possible to get the painting done before the cold weather set in.

Authority to pay the Indians \$50.00 for the labour of putting on the paint was granted, I would ask you to renew this, as now I can get suitable men on the reserve to do the work, and would like to get it done while the weather is warm, and before they all get away working again.

Yours Obedient servant

F. Matters

Sirs.-

We have not yet received payment of our invoice of May 11th covering supplies delivered to Rev J. Scott Wilson Gogoma Ont, forwarded on authority of Mr T. Matters, Indian Agent Chapleau, amounting to \$57.29

As some days ago we received payment of our May 26th invoice, we are wondering if the above mentioned invoice has been received or mislaid in your office.

A reply at your early convenience will be appreciated.

Yours truly  
Chas. W. Collins Stores Ltd.

August 9th. 1943

The Indian Affairs Branch, Ottawa, Ont.

I am attaching a requisition form for  
a Seythe and a Brush hook for use around the Mattagami  
School.

They have some grass stated there, also  
the brush near the grounds needs to be cut out, it  
will both improve the look of the place and also cut  
down on the fire hazard.

The teacher advises me that he is willing  
to clean the place up with the assistance of some of  
the older pupils if we supply the tools, and I would  
recommend that they be supplied, they could be either  
shipped direct to Gogama or I could get them here.

Re; Your letter 65-3-5 of July 30th.

I am sorry that I am not able to give you the approximate cost of the type of cupboard required for the Mattagami Day School as you request.

The size needed is about 5 feet high, 4 feet wide and about 1½ feet deep, with four shelves.

It is not possible to procure suitable lumber in the vicinity of Gogama, or to have one made, so I would suggest that if it is possible to supply one, that it be purchased in Ottawa and shipped in care of the teacher Rev. J. Scott Wilson.

At present they are using shelves which are open, and this tends to make the classroom look untidy, I believe that if at all possible a cupboard should be supplied.

Re; Mattagami School repairs.

When at this school recently I found that the lining of the firebox in the furnace was pretty well burnt out, and not in a fir state for this winter's use.

*OK. D. Anthony*  
The back three sections comprising the grate bars and lining on each side need to be replaced and I would recommend that this be done as soon as possible, the furnace is a Gilson Wood Furnace, Model 48 T.S. #4617.

The rest of the school was in a very good state of repair, the children were clean and appeared to be well nourished and happy.

I had some of them read in the class room and was agreeably surprised at the progress that has been made in the few years that the school has been open.

Mr. F. Matters, Indian Agent,  
Chapleau, Ont.

I have your voucher No. 379, amounting to \$9.00, covering the cost of freight and express charges to Togo School.

We have no school by this particular name and I am really at a loss to know to which school the goods were shipped. We require this information in connection with paying the account. I would appreciate hearing from you, stating the name of the school.

Re: your letter 65-2-5, Dec. 12th/45.

In reply to your letter as above, please  
be advised that the supplies were for the Mattagami  
School.

The freight is taken by truck from Gogama  
to Togo, a distance of 12 miles, and is then taken by  
canoe or dog team to the reserve.

I am sorry that we omitted to mention that  
the supplies were for the Mattagami school.

Ottawa, December 2, 1947.

Reverend Sir:

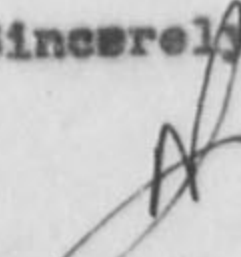

EX'D.

I have for answer your letter of November 28th. Unfortunately the Department some years ago decided against the policy of providing money for Christmas treats. At that time we were being overwhelmed with requests for assistance and in some instances the Indians could have raised a little money themselves to provide for their treats.

In certain of our more isolated schools we are providing a small grant for noon day lunch. A search of our files seems to indicate that although your school is receiving a supply of vitamized biscuits, you are not in receipt of this grant for the purchase of lunch supplies. Therefore, we are prepared to make a grant of up to \$8.00 a month for November and December of 1947 and January, February and March of 1948 for this purpose.

It is understood that your school supplies have gone forward and should have reached you by now. We are arranging to forward a football, a softball and softball bats (the latter for use in the Spring). We do not provide boxing gloves or skates. We are also requisitioning for some crepe paper which I hope will reach you in time.

Sincerely yours,

  
Bernard F. Neary,  
Supt. of Welfare & Training.

Teacher,

Reverend J. Jeffries,  
Mattagami Reserve,  
Coburn, Ontario.

Dear Mr. Jeffries:

I have just arranged shipment of a boat to be used by yourself and the nurse, who has been recently appointed between Mattagami Reserve and Togo and steps have been taken for the purchase of an out-board engine.

The boat and engine will be in your charge and may be used for any purpose you deem necessary on the Reserve, that is for the benefit of the Indians.

I would suggest that you arrange with Mr. Whitney regarding the supply of gas and oil.

Please see that the use of the boat be not abused by the Indians.

Yours very sincerely,

RM:kh.

Regional Supervisor.

J. L. Whitney, Esq.,  
Clerk-in-Charge,  
Chapleau Agency,  
Chapleau, Ont.

I have just arranged shipment of a boat to the Mattagami Reserve to be sent c/o Reverend J. Jeffries. You might purchase one set of oars in Chapleau or vicinity, and charge this to Welfare appropriation.

I would suggest that  $3\frac{1}{2}$  h.p. engine would be the most suitable for use of this boat and you should forward a requisition for such an out-board engine quoting the price, if one is available in the district, with a covering letter advising that the boat is to be used jointly for the teacher and the nurse. Therefore, this expenditure should be divided between Medical and Education.

Re: Requisitions Mattagami school

I am enclosing a requisition for supplies for the Mattagami day school. When I visited this school a month ago paying treaty I found the building both inside and out badly in need of painting. Material for this work is included on the requisition. I might also add that the studio couch which is used as a bed by the Rev. Jeffries is badly worn and the springs protruding.

I am also enclosing a requisition for school material and for manual training material.

24th January, 1949.

Mr. J.L. Whitney,  
Superintendent, Indian Agency,  
Chapleau, Ontario.

The Treasury Office advises that your cash book shows an expenditure of \$280.00 for wood supplied to the Metagami School. An accountable advance was sent to you in October and the amount appears to have been expended by the end of November, 1948. No Credit Voucher has yet been received. Please forward a Credit Voucher immediately so that the transaction can be closed.

Re: Painting Mattagami day school.

The above named school is badly in need of painting both inside and out. The paint for this purpose is already at hand and the work can be done by one or two of the Indians on the Reservation. I would like to have this work started as soon as possible after the weather has cleared up in the Spring and would request your authority to have this work done at the rate of \$0.70 per hour.

10th February, 1949.

Mr. J.L. Whitney,  
Superintendent, Indian Agency.  
Chapleau, Ontario.

With reference to your letter of the 7th instant regarding painting the Metagami Day School, it is noted that you have sufficient paint for both the exterior and the interior.

We would like to know the approximate cost of the labour.

Re: Purchase Order 32454

With reference to your letter of 25th February, 1949, a careful search was made of both our own files and Treasury's files, but we could find no record of having received Voucher 770(65).

The Treasury Branch has your Voucher 45(65) for \$49.36 which appears to be part of the items included on the above Purchase Order, but as there was no information on this Voucher to indicate that it covered part of the items on Purchase Order 32454, the amount of \$49.36 was not charged to the Purchase Order.

Under these circumstances, it will be necessary for you to forward a copy of your Voucher 770(65) and at the same time, you should let us know if the Invoice attached to Voucher 45 (65) included the items ordered on the Purchase Order in question.

Re: File 458-5(E.1), Feb. 10/49.

Replying to your letter as above. I have gone into the matter of cost of labor for painting Mattagami school and I feel that it will take approximately 15 days for 2 men to complete this job. Working a 10 hour day at \$0.75 an hour, the cost would be \$225.00.

I might point out here that before the painting can be done, all the outside wood work will have to be scraped, which accounts for the estimated 15 days it will take to do the job.

Trusting this meets with your approval.

Re: Painting Mattagami School.

I am enclosing a letter received from the T. Eaton Co. with an account for paint for Mattagami Day School attached.

This invoice apparently covers paint supplied last summer for Mattagami Day School.

A requisition for this paint was sent from this office July 14th 1948. The receipt of the requisition was acknowledged by 65-3-5(E.1) of July 19th 1948. from B.F. Neary. The paint was received at Mattagami in August last summer, but to date we had not received a copy of the invoice except the one enclosed.

We do not have a copy in this office of the purchase order for this paint and I am therefore forwarding this account for you to check against the original purchase order and if correct enter for payment.

Your File: 76-3-92 (65)

We have your letter of July 13th enclosing letter and account received from T. Eaton Company. In connection with the above, I would refer you to your letter of February 25th which reads as follows:

"Re: Purchase Order 32454

Replying to your form letter concerning the above. This is to advise you that the items covered by this purchase order, have been received and the invoice passed for payment covered by voucher #770(65) December 31/48."

We replied to that letter in our communication of March 12th to which no reply has been received.

Please review our letter of March 12th and if we were correct in assuming that some of the items on the T. Eaton account were included on your Voucher 45(65) for \$49.36, they should be deducted from the attached account and a Voucher covering the balance should be forwarded. However, if there is no duplication

Att'n - B. F. Heary

While paying treaty at Matogami Reservation early this month, the state of repair of the step and perch to both entrances of the school was drawn to my attention. I found the railings broken, the steps rotting and the flooring in a very unsafe condition.

To do this repair work, it will be necessary to purchase approximately one hundred and twenty-five feet post flooring, one hundred and eighty feet 2 x 4 and fourteen feet 4 x 4 and the necessary nails, etc. Mr. William Moore, an Indian of this reservation is capable of doing the necessary repair work at a wage of .70¢ an hour.

I would request your authority to purchase the necessary material and hire Mr. Moore to do the work. I feel that this work should be done at once as the platforms are unsafe to the point where Nurse Bartlett went through a narrow escape of serious injury on a recent visit to the reserve.

Re: Purchase Order No.  
File 458-5-E1 - Jul

After corresponding with Reverend  
ning material on the above noted purchase  
first that the information contained in my  
on February 25th is incorrect and I would  
regard it. I find secondly that the amount  
Voucher No. 4565 is for part of the material  
above purchase order.

The paint, etc. listed on the enc  
account W-2109 is the balance of purchase  
and to my knowledge, it has not been submit  
prior to this time.

I am, therefore, enclosing Voucher  
the amount of \$99.49 in favour of T. Eaton  
this invoice.

Chapleau, September 13, 1949

Indian Affairs Branch,  
Ottawa, Ontario.

Enclosed please find Vouchers 682(65) and 683(65) in favour of Walter Naveau and William McKay respectively for the painting of the Mattagami Shhool Building.

On July 7th, while I was at Gogama paying treaty, Walter Naveau was involved in a court case and was fined. He did not have the money to pay his fine, so the Manager of the Hudson's Bay Company advanced him the money necessary to pay this on the assurance that when he was paid for painting the school, he would repay this loan.

In view of the above, I would request that the cheque for Walter Naveau be sent in care of this office so that I can make sure the above loan is repaid.

Re: Mattagami Indian Day School

With reference to your letter of the 26th instant, the Department approves local purchase of the following items:

- 17 panes of glass
- 3 lbs. putty
- 24 bars of soap
- 1 gal. Lysol
- 1 pkg. D.D.T.
- 4 scrub brushes
- 1 water pail
- 12 lbs. floor wax
- 3 bars of Bon Ami
- 2 qts. varnish
- 1 pt. red enamel
- 1 case of toilet paper
- 4 Aladdin chimneys
- 4 Aladdin mantles
- 2 brooms
- 2 sets curtain rods
- 2 door mats
- 1 mop

The Department is not prepared to supply the Dutch Cleanser and soap flakes, as it is presumed that they are used by the teacher for her personal living quarters.

*Miss Davis*

Ottawa,  
May 29, 1941.

Dear Sir:

With reference to your letter of the 26th instant the appointment of Father Fleury as teacher of the Sandy Lake Seasonal School is approved. This school may be kept in operation for the period June 1 to September 30, 1941. Salary will be allowed the teacher at the rate of \$100.00 a teaching month. He should prepare and forward the usual returns monthly.

Yours truly,

R.A. Hoey,  
Supt. of Welfare & Training.

Memorandum:

CHIEF TREASURY OFFICER.

Re: Sandy Lake Seasonal School  
No. 459.

Auguste Dufresne has been appointed teacher of the Sandy Lake Seasonal School at a salary of \$100.00 a month. He began duties on June 1, 1947, and a cheque should be issued to him for the months of June and July. His address is Sandy Lake via Favourable Lake, Ontario. I enclose staff questionnaire and T.D.1A form.

This school will continue in operation for the months of August and September, 1947 and payment at the same rate should be made to the teacher.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Roman Catholic Boarding School for the Quarter ended September 30th 19 39.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Roman Catholic Boarding School for the Quarter ended June 30th 1939.

Principal Paul Langlois M.D.

Dated July 1st 1939.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

W. J. Hyer  
Indian Agent

Dated at North Sackville  
this 3rd July 1939.

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Roman Catholic Boarding School for the Quarter ended June 30th 1939 Albany Mission Ont.  
Principal Paul Langlois  
Dated July 1st 1939

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Moos Factory  
this 3rd July 1939

### NOTE

Principals will please be guided by the instructions printed on the last page.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Roman Catholic Boarding School for the Quarter ended March 31st 1941.

Principal Paul Langlois O.M.V.

Dated April 1st 1941.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Roman Catholic Boarding School for the Quarter ended March 31st 1941

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Kaman, P. H. L. L. Boarding School for the Quarter ended December 31st 1940.

Principal Paul Langlois O.M.V.

Dated January 1st 1941.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

## NOTES ON THE PREPARATION OF THIS RETURN

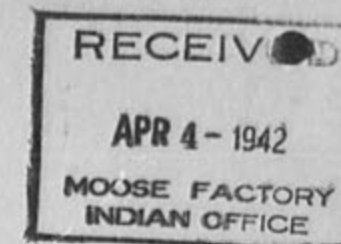

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

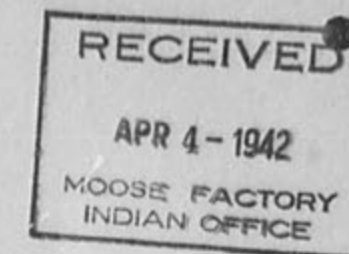

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Pensionnat Catholique School for the Quarter ended 31 décembre 1941.

Principal P. Langlois O.M.V.

Dated 1 janvier 1942

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Dated at Moose Factory this February 14 1942

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Pensionnat Catholique school for the Quarter ended 30 septembre 1941.

Principal Paul Langlois M.J.

Dated 1 Octobre 1941.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Thos. J. O'Brien

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Albany Mission School for the Quarter ended 30 September 1941.

Principal Paul Langlois C.M.

Dated 1 October 1941.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Mary School for the Quarter ended 19.

Principal Paul Langlois (M)

Dated 19.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of the Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total No. of days pupils in residence during quarter."
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate No. of days pupils in residence during quarter" by the "Total No. of days in quarter."
9. The amount of per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.
2. The columns of the Return should be correctly added and the totals placed at the foot thereof.
3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.
4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.
5. No Quarterly Grant will be paid until Returns have been received by the Department.
6. The total number of days in quarter means every day in the quarter, including Saturdays, Sundays and holidays.
7. The aggregate number of days pupils in residence during quarter means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".
8. The average attendance of pupils during quarter is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".
9. The amount per capita grant due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

### SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

## INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

MOOSONEE, ONT. June 13th, 1946

Mr. Philip Phelan  
Chief of Training Division  
Indian Affairs  
Department of Mines & Resources  
Ottawa.

Dear Mr. Phelan:-

Enclosed please find a Report on the Albany  
R.C. Residential School, just received from Rev.  
Fr. Leguerrier, Acting Principal.

Under separate cover, you will receive a  
corrected duplicate of the Return for September 1945  
Quarter, from the Albany School. On the first return,  
a mistake had been made, not counting days of vacation  
as payable by the Dpt. Those days of July and August  
which had been omitted on the first return, have now  
been added up in the account (Sept. 30, 1945).

Thank you. Sincerely yours,

*+ Henri Bellean*  
*Vic. Ap. James Bay.*
